## SCHOOL INCOME INCREASES IN 1942-'43 TERM

Income of Adams county's school districts increased by more than \$43,000 during the last year over the school year 1941-1942, according to the annual directory of the Adams county public schools issued Wednesday.

The annual financial summary contained in the current issue shows income of \$638,993.38 by the various school districts of the county for the year 1942-1943. The income for the year 1941-1942 was given as \$595,234.14 in last year's directory. Expenditures increased by about \$12,000 over 1941-42 with the new directory listing expenditures of \$566,195.12 as compared with expenses of \$554,358.61 for the 1941-42 school year.

Most of the additional outlay went in the form of increases in teachers' salaries. The 1941-42 expenditures for instruction were \$372,367.22 while the cost of instruction in 1942-43 is listed as \$394,490.06. General control expenses dropped during the year, with the cost for 1942-43 being \$18,045.22 as compared with \$18,202.63 for the previous year.

**Enrollment Figures**  
Auxiliary agencies' costs increased from \$38,344.19 in 1941-42 to \$48,984.81 in the past year. Increased income during the last several years has enabled the county's school system to climb out of debt, the records show, with \$62,981.04 spent for debt service in 1941-42 and only \$39,774.38 spent in 1942-43 for debt service. Capital outlay dropped from \$6,209.02 to \$2,971.78.

One hundred and eighty-six county youngsters graduated from high school in 1943, the directory shows, while 461 pupils passed the high school entrance examinations. There were 1,014 students in high schools, 1,074 in grade schools, 765 in consolidated schools, 2,265 in rural one-room schools. A total of 5,118 students attended the schools. The number of full time teachers increased from 248 to 252. The number of pupils in the schools last year showed a decrease from 1941-42 when 5,260 were listed. Average daily attendance in 1941-42 was 5,074. Average daily attendance last year was 4,800.

**Helped With Crops**  
The directory shows that at least 1,287 Adams county school children took part in farm work during the last year. The youngsters worked 85,037 hours and earned \$36,081.07. The average number of hours worked by each pupil was 66½, and the average hourly pay given the youngsters was 42 cents.

The average student earned \$28 for his work. The students picked 76,782 bushels of apples, 13,564 baskets of tomatoes, 35,636 pounds of beans, and 125 bushels of peaches. The youngsters also packed 1,500 bushels of apples. Reports from the employers showed that of 1,212 students, the conduct of 445 was excellent, 756 satisfactory and 11 unsatisfactory. Of the same number of pupils, the quality of work was given as excellent for 424, satisfactory for 757 and unsatisfactory for 21.

## COMMISSIONERS NAME INTERIM TAX COLLECTOR

The Adams county commissioners ran into the "labor shortage" Wednesday and pressed County Treasurer John W. Brehm into service as a tax collector until someone can be found to take the job in Berwick township.

The post of tax collector, left vacant by the resignation of Charles Brothers, pays less than \$100 a year and no one seems to wish the job. To fill the interim until someone accepts the post the commissioners announced that the county treasurer will collect county taxes for Berwick for the time being. The Berwick township school board in the meantime is continuing its practice of hiring a professional tax collecting agency to secure its taxes. Mr. Brothers, however, must still collect all taxes outstanding prior to 1944 back to the beginning of his term despite his resignation, the commissioners point out.

### Assessors' Pay

At the same time the commissioners put assessors on a new basis for payment by taking advantage of a new law which permits the establishment of assessors' time sheets. The new sheets printed for each assessor in the county are to be submitted each month to the board of assessment and revision of taxes "on or before the tenth day of each month succeeding any month in which they have been employed one or more days in performing their duties." The monthly statement must be accompanied by a sworn statement of the days employed, the particular days and the nature of the duties performed on each day.

The time sheet contains space for date, number of hours worked, and nature of duties for 31 days. Previously the assessors at the end of each assessment period swore to the amount of work they had done and were paid on that basis. It was believed that the new system would produce better results for both the county and the assessors. Previously, relying on memory for the amount of time worked, many assessors may have "cheated themselves somewhat in listing the amount of work they have done," it was stated.

## NAME VICTORY GARDEN HEADS FOR THIS YEAR

Adams county's victory garden chairman, with the exception of Arendtsville and Bendersville, were announced today by Richard C. Lighter, secretary of the county Victory garden committee.

**To Aid Gardeners**  
Professor Herbert G. Hamme was named as Gettysburg chairman, Wednesday.

The work of the chairman this year will not be so much to promote new gardens as to assist gardeners in getting the most out of the present gardens, it was explained. Literature on how to prepare and care for a garden have been distributed to the chairmen for further distribution to gardeners.

At New Oxford plans are underway to hold a flower and garden show during the week of August 24. Mrs. J. E. C. Miller is chairman and Mrs. E. E. Hemmlinger, co-chairman, of the flower show committee. In addition to promoting the Victory gardens the New Oxford club is also planning to tend flower urns in center square at New Oxford.

## Pamphlets Available On Corn Borer Control

The Adams county Extension office was planning today to send out nearly 2,000 copies of a pamphlet entitled "The European corn borer is in your corn."

The booklet, containing pictures of what to do about the borer, stated that all fields must be cleaned of all standing corn prior to May 1 in the drive to destroy the pest which made tremendous headway in Adams county last year and is expected to be trebly dangerous this year if sufficient steps are not taken before May 1 to destroy the grub of the borer.

The proceeds of the play are to be used to send a nurse to a nearby city to take the course in the Kenny treatment. The doctors' association was asked to advise the woman's club which nurse would wish to take the course.

**Abandon Curfew Plan**  
Mrs. Thomas L. Cline, chairman of a committee to determine the feasibility of establishing a curfew in Gettysburg reported that under present conditions it was felt there would be little value in having a curfew here.

Mrs. Carl Oyler, rummage sale chairman, reported \$80 had been made from the recent rummage sale and that the money had been turned over to the Red Cross as the club's donation during the Red Cross War Relief Campaign. The rummage sale committee was enlarged and it was announced that another sale will be held April 21 and 22 with Mrs. Oyler as chairman. Other members of the committee include: Mrs. F. K. **"Pennies for Kenny"**  
Mrs. J. Walter Coleman, president of the club, who presided, spoke of a "Pennies for Kenny" program designed to raise money to keep Sister Kenny in the United States to give courses in her treatment for infantile paralysis. A penny was donated by each member as part of the program.

The club voted \$3 to the Public Charities Association of Pennsylvania and decided to invite the Claire Tree Major Players to return to Gettysburg next fall to present "Peter Pan."

A card party will be held the last week in April to raise money for the Gettysburg Recreation Board to be used for the playground. Mrs. William Tyson was named chairman of the committee which includes Mrs. Richard Brown, Mrs. Samuel Reed, Mrs. Ross Shuman and Mrs. Charles Smith.

## TALKS ON LEE AT APPOMATTOX DAY FETE HERE

"If the fortunes of Lee's army of Northern Virginia during the first two years of war were upward, with its climax at Gettysburg, then the fortunes of Lee's army after Gettysburg were clearly downward, culminating at Appomattox," Dr. Frederick Tilberg, historian at the Gettysburg National Park, told 41 members of the Gettysburg camp of the Sons of Union Veterans and auxiliary organizations at the first annual Appomattox day dinner held by the local group at Mrs. Smith's restaurant, Wednesday night.

"Lee's final effort to break through the Union line July 3 at Gettysburg cost him irreparable losses in manpower and supplies and Lee must have foreseen, after Gettysburg, an Appomattox," Dr. Tilberg said.

**Grant vs. Lee**  
Doctor Tilberg then told of Grant's campaign against Lee beginning at the Wilderness and Spotsylvania Courthouse in May and June 1864 and then by successive flanking movements reached the area southeast of Richmond where the Union army suffered heavy losses at Cold Harbor. Then Lee withdrew into the fortifications of Richmond and Petersburg where Grant by gradually extending his line south of Petersburg extended Lee's line to the breaking point at Five Forks, Dr. Tilberg said.

Lee, observing his communications with the south being cut off, abandoned Richmond and Petersburg and started westward in order to meet Gen. Joseph E. Johnston's Confederate army which was being driven northward by General Sherman. Lee was cut off at Appomattox Court House and after a last attempt to break through on the morning of April 9 he accepted Grant's offer of terms of surrender, the speaker said.

**Others Speak**  
Department Commander Jesse E. Snyder was toastmaster for the program which opened with the singing of "America" and the "pledge of allegiance to the flag." Mrs. Marian Swisher was pianist for the group singing. The Rev. L. B. Hater, department chaplain, delivered the invocation, and presented an address of welcome.

# Kuban Cossack Cavalry Nears Crimea Capital

By EDDIE GILMORE

Moscow, April 13 (AP)—Kuban Cossack cavalry, light tanks and columns of motorized artillery—vanguards of Gen. Feodor I. Tolbukhin's Fourth Ukrainian Army racing down through the Crimea were within sight of the tall buildings of Simferopol, capital of the former Crimean Republic, today and only 35 miles north of the great Black sea Naval base of Sevastopol.

Tolbukhin's Army was striking toward Simferopol from the north and northwest in its drive down the central Crimean railroad from Karachakangil, 11 miles to the north. Yesterday his troops had crashed through crumbling Axis forces for a record plunge of 43 miles from Dzhankoi.

### Retreating Boche Are Panicky

A correspondent of the Moscow newspaper Pravda attached to Tolbukhin's Army reported that panic was spreading among the retreating Axis troops, especially the Romanians who were said to have been denied motorized transport by the Germans.

Other dispatches asserted that German officers were abandoning their own men as the Russian forces pressed forward. Driving in from the liquidated Kerch peninsula to the east, Gen. Andrei I. Yeremenko's Army drove other German and Romanian troops down the Black sea coastal road toward Feodosiya and were reported to be less than 15 miles from that important evacuation port, already under bombardment by planes of the Black sea fleet.

Other Soviet warplanes were blasting objectives in front of the advancing ground forces, including what the army newspaper Red Star's correspondent called "caravans of enemy ships" apparently heading for Romanian ports across the Black sea.

# McArthur Is Urged To Hold Himself Available For GOP "Presidential Nomination"

By JACK BELL

Washington, April 13 (AP)—Gen. Douglas MacArthur has replied to a congressman's request that he hold himself available for the Republican presidential nomination with an assertion that the United States "must not inadvertently slip into the same condition internally as the one which we fight externally."

In an exchange of correspondence with Rep. A. L. Miller (R-Neb.), the Southwest Pacific commander wrote that he did not anticipate in any way the fulfillment of "flattering predictions" the House member had made that MacArthur could win the nomination and as Miller put it, "carry every state in the nation."

**Falls Off Truck AND BREAKS BACK**  
William F. Kepner, 60, Fairfield R. 1, was reported in a satisfactory condition today at the Warner hospital where he is a patient as the result of a fractured back received in a fall Wednesday afternoon at 5:30 o'clock.

Kepner, who was assisting his brother to move, slipped while loading a truck and fell from the truck to the ground sustaining a fractured back and several fractured ribs.

Ray Geigley, four-year-old son of Mr. and Mrs. Roy Geigley, Gettysburg R. 3, was treated for injuries received Wednesday evening when he fell from a car operated by his father along the Cashtown-Orrtanna road. The car is reported to have been traveling at about 25 miles per hour.

The youngster fell from the car when a door opened. He received lacerations of the scalp, cerebral concussion and abrasions of the right hand. He was discharged after receiving treatment.

The fund now totals about \$2,100, the largest sum collected in any "Y" canvass in a number of years.

The finance committee which conducted the drive said today it is pleased with the results of the campaign and thanked the 60 or more solicitors for their services.

## SCHOOL INCOME INCREASES IN 1942-'43 TERM

Income of Adams county's school districts increased by more than \$43,000 during the last year over the school year 1941-1942, according to the annual directory of the Adams county public schools issued Wednesday.

The annual financial summary contained in the current issue shows income of \$638,993.38 by the various school districts of the county for the year 1942-1943. The income for the year 1941-1942 was given as \$595,234.14 in last year's directory. Expenditures increased by about \$12,000 over 1941-42 with the new directory listing expenditures of \$566,195.12 as compared with expenses of \$554,358.61 for the 1941-42 school year.

Most of the additional outlay went in the form of increases in teachers' salaries. The 1941-42 expenditures for instruction were \$372,367.22 while the cost of instruction in 1942-43 is listed as \$394,490.06. General contract expenses dropped during the year, with the cost for 1942-43 being \$18,045.22 as compared with \$18,202.63 for the previous year.

**Enrollment Figures**  
Auxiliary agencies' costs increased from \$38,344.19 in 1941-42 to \$48,984.81 in the past year. Increased income during the last several years has enabled the county's school system to climb out of debt, the records show, with \$62,901.04 spent for debt service in 1941-42 and only \$39,774.38 spent in 1942-43 for debt service. Capital outlay dropped from \$6,209.02 to \$2,971.78.

One hundred and eighty-six county youngsters graduated from high school in 1943, the directory shows, while 461 pupils passed the high school entrance examinations. There were 1,014 students in high schools, 1,074 in grade schools, 765 in consolidated schools, 2,265 in rural one-room schools. A total of 5,118 students attended the schools. The number of full time teachers increased from 243 to 252. The number of pupils in the schools last year showed a decrease from 1941-42 when 5,290 were listed. Average daily attendance in 1941-42 was 5,074. Average daily attendance last year was 4,800.

**Helped With Crops**  
The directory shows that at least 1,287 Adams county school children took part in farm work during the last year. The youngsters worked 85,037 hours and earned \$36,081.07. The average number of hours worked by each pupil was 66½, and the average hourly pay given the youngsters was 42 cents.

The average student earned \$28 for his work. The students picked 76,872 bushels of apples, 13,564 baskets of tomatoes, 35,636 pounds of beans, and 125 bushels of peaches. The youngsters also packed 1,500 bushels of apples. Reports from the employers showed that of 1,212 students, the conduct of 445 was excellent, 756 satisfactory and 11 unsatisfactory. Of the same number of pupils, the quality of work was given as excellent for 424, satisfactory for 757 and unsatisfactory for 21.

## COMMISSIONERS NAME INTERIM TAX COLLECTOR

The Adams county commissioners ran into the "labor shortage" Wednesday and pressed County Treasurer John W. Brehm into service as a tax collector until someone can be found to take the job in Berwick township.

The post of tax collector, left vacant by the resignation of Charles Brothers, pays less than \$100 a year and no one seems to wish the job. To fill the interim until someone accepts the post the commissioners announced that the county treasurer will collect county taxes for Berwick for the time being. The Berwick township school board in the meantime is continuing its practice of hiring a professional tax collecting agency to secure its taxes. Mr. Brothers, however, must still collect all taxes outstanding prior to 1944 back to the beginning of his term despite his resignation, the commissioners point out.

### Assessors' Pay

At the same time the commissioners put assessors on a new basis for payment by taking advantage of a new law which permits the establishment of assessors' time sheets. The new sheets printed for each assessor in the county are to be submitted each month to the board of assessment and revision of taxes "on or before the tenth day of each month succeeding any month in which they have been employed one or more days in performing their duties." The monthly statement must "be accompanied by a sworn statement of the days employed, the particular days and the nature of the duties performed on each day."

The time sheet contains space for date, number of hours worked, and nature of duties for 31 days. Previously the assessors at the end of each assessment period swore to the amount of work they had done and were paid on that basis. It was believed that the new system would produce better results for both the county and the assessors. Previously, relying on memory for the amount of time worked, many assessors may have "cheated themselves somewhat in listing the amount of work they have done," it was stated.

The booklet, containing pictures of what to do about the borer, stated that all fields must be cleaned of all standing corn prior to May 1 in the drive to destroy the pest which made tremendous headway in Adams county last year and is expected to be trebly dangerous this year if sufficient steps are not taken before May 1 to destroy the grub of the borer.

The proceeds of the play are to be used to send a nurse to a nearby city to take the course in the Kenny treatment. The doctors' association was asked to advise the woman's club which nurse would wish to take the course.

## TALKS ON LEE AT APPOMATTOX DAY FETE HERE

"If the fortunes of Lee's army of Northern Virginia during the first two years of war were upward, with its climax at Gettysburg, then the fortunes of Lee's army after Gettysburg were clearly downward, culminating at Appomattox," Dr. Frederick Tilberg, historian at the Gettysburg National Park, told 41 members of the Gettysburg capp of the Sons of Union Veterans and auxiliary organizations at the first annual Appomattox day dinner held by the local group at Mrs. Smith's restaurant, Wednesday night.

"Lee's final effort to break through the Union line July 3 at Gettysburg cost him irreparable losses in manpower and supplies and Lee must have foreseen, after Gettysburg, an Appomattox," Dr. Tilberg said.

### Grant vs. Lee

Doctor Tilberg then told of Grant's campaign against Lee beginning at the Wilderness and Spotsylvania Courthouse in May and June 1864 and then by successive flanking movements reached the area southeast of Richmond where the Union army suffered heavy losses at Cold Harbor. Then Lee withdrew into the fortifications of Richmond and Petersburg where Grant by gradually extending his line south of Petersburg extended Lee's line to the breaking point at Five Forks, Dr. Tilberg said.

Lee, observing his communications with the south being cut off, abandoned Richmond and Petersburg and started westward in order to meet Gen. Joseph E. Johnston's Confederate army which was being driven northward by General Sherman. Lee was cut off at Appomattox Court House and after a last attempt to break through on the morning of April 9 he accepted Grant's offer of terms of surrender, the speaker said.

### Others Speak

Department Commander Jesse E. Snyder was toastmaster for the program which opened with the singing of "America" and the "pledge of allegiance to the flag." Mrs. Marian Swisher was pianist for the group singing. The Rev. L. B. Hafer, department chaplain, delivered the invocation, and presented an address of welcome.

Other speakers on the program were Mrs. Maybelle McKenrick, president of the local auxiliary; Mrs. Lillian Stoops, secretary of the circle, and William L. Meals, Esq., for the Sons of Union Veterans camp.

# Kuban Cossack Cavalry Nears Crimea Capital

By EDDIE GILMORE

Moscow, April 13 (AP)—Kuban Cossack cavalry, light tanks and columns of motorized artillery—vanguards of Gen. Feodor I. Tolbukhin's Fourth Ukrainian Army racing down through the Crimea were within sight of the tall buildings of Simferopol, capital of the former Crimean Republic, today and only 35 miles north of the great Black sea Naval base of Sevastopol.

Tolbukhin's Army was striking toward Simferopol from the north and northwest in its drive down the central Crimean railroad from Karachakngil, 11 miles to the north. Yesterday his troops had crashed through crumbling Axis forces for a record plunge of 43 miles from Dzhankoi.

### Retreating Boche Are Panicky

A correspondent of the Moscow newspaper Pravda attached to Tolbukhin's Army reported that panic was spreading among the retreating Axis troops, especially the Romanians who were said to have been denied motorized transport by the Germans.

Other dispatches asserted that German officers were abandoning their own men as the Russian forces pressed forward.

Driving in from the liquidated Kerch peninsula to the east, Gen. Andrei I. Yeremenko's Army drove other German and Romanian troops down the Black sea coastal road toward Feodosiya and were reported to be less than 15 miles from that important evacuation port, already under bombardment by planes of the Black sea fleet.

Other Soviet warplanes were blasting objectives in front of the advancing ground forces, including what the army newspaper Red Star's correspondent called "caravans of enemy ships" apparently heading for Romanian ports across the Black sea.

# McArthur Is Urged To Hold Himself Available For GOP "Presidential Nomination"

By JACK BELL

Washington, April 13 (AP)—Gen. Douglas MacArthur has replied to a congressman's request that he hold himself available for the Republican presidential nomination with an assertion that the United States "must not inadvertently slip into the same condition internally as the one which we fight externally."

In an exchange of correspondence with Rep. A. L. Miller (R-Neb.), the Southwest Pacific commander wrote that he did not anticipate in any way the fulfillment of "flattering predictions" the House member had made that MacArthur could win the nomination and as Miller put it, "carry every state in the nation."

**Wins in Illinois**  
Miller, who said he had met the general only once, is active in the draft-McArthur campaign which has netted the Southwest Pacific commander three convention delegates and has seen him win in Illinois. Miller said "more than a political revolution" against the centralization of power in the federal government, was underway and added:

"If this system of left wingers and New Dealism is continued another four years, I am certain that this monarchy which is being established in America will destroy the rights of the common people."

To this, MacArthur replied: "I appreciate very much your scholarly letter of January 27. Your descriptions of conditions in the United States is a sobering one indeed and is calculated to arouse the thoughtful consideration of every true patriot. Believe in People."

"We must not inadvertently slip into the same condition internally as the one which we fight externally. Like Abraham Lincoln, I am a firm believer in the people and if given the truth they can be depended upon to meet any national crises. The point is to bring before them the real facts."

"Out here we are doing what we can with what we have. I will be glad, however, when more substantial forces are placed at my disposition."

The letter apparently was a reference to a declaration by Miller that the people are convinced that the "allocation of war supplies is not above critical examination" and an expression of hope that "some decisions soon will be made to send more supplies to the Pacific area where they can be used against the Japs."

Publication of the letters came at a time when there were reports that some of MacArthur's supporters wanted to slow down his campaign because of the growth of a bandwagon movement toward Governor Thomas E. Dewey of New York.

# MONARCHY MAY END IN ITALY AS KING QUILTS

By DEWITT MACKENZIE  
(Associated Press War Analyst)  
If the seers of ancient Rome were with us to read the flight of the birds of Omen. I think we should be told that old King Vittorio Emanuele's promise of retirement may presage the end of monarchy for Italy.

Of course that's not what the aged sovereign has in mind when he says he will turn the rule over to Crown Prince Umberto as soon as Allied troops enter Rome. Emanuele hopes to continue the dynasty through his son, but whatever may be the outcome there's no doubt that the Italian throne is rocking dangerously.

Officially the question of whether the monarchy should continue hasn't arisen, excepting in that it's been agreed the Italian people shall choose their own form of government after the war—providing it's democratic. That doesn't bar a monarchy. However, there's a trend towards the left in Italy and one of the strong elements is communism—an interesting circumstance, inasmuch as Mussolini established his dictatorship on the strength of his claim that the country was in dire danger from Communism.

**Tense Situation Eased**  
The Communists have been aggressive in the campaign, but have adopted conciliatory tactics. Palmiro Togliatti, Communist leader, has campaigned for a united war cabinet, but has coupled this with the declaration that his party is willing to take subordinate posts in the government.

Italian Premier Badoglio's attitude towards the Communists has been friendly, especially since Moscow's recognition of his interim government. In this connection the London Daily Mail today says that Soviet recognition "undoubtedly strengthened Marshal Badoglio in the difficult task of asking for the King's retirement."

Emanuele's promise to retire has eased a tense situation, since there has been heavy pressure on him to abdicate, especially by the Italian Communists. It's expected that his action will permit of the formation of a new cabinet which will include Communist representation.

**No Allied Objection**  
Observers note that the King's statement came immediately after a meeting of the Allied Advisory Commission for Italy, but Allied representatives say the only part their governments had in the development was to assure Emanuele they had no objection to his making this move. However, the Allied representatives themselves expressed approval of the action. America's Robert Murphy declared it "augurs well for the future" and said he thought it would lead to a more Democratic and stable government.

While Britain apparently favors Emanuele's retirement, it's hard to believe she would welcome the abolishment of the monarchy. Her policy has been to support European thrones as calculated to lend strength to the monarchical form of government to which she herself wedded to democracy.

subscribes. However, she is of course Gauge Of Trends

As things stand, the present Italian government will continue until the war is over. Then there will be a plebiscite to determine the form of government desired. If the nation returns to normal quickly after peace comes, it may be one of the first to register self-determination.

Thus Italy may give us an early gauge of the political trend on the continent of Europe. It's certain that the Italian Communists will try to carry the day, just as it's certain that Communism will play a big part in numerous other countries, notably in the Balkans just across the Adriatic from Italy.

# ALLIES CHECK ADVANCES OF JAPS IN INDIA

By RICHARD C. BERGHOLZ  
Associated Press War Editor  
Allied counter-attacks have slowed up the Japanese offensive against the Bengal-Assam railroad in India and Lt. Gen. Joseph Stilwell's troops have scored notable successes in their offensive against Japanese communications in Burma.

Adm. Lord Louis Mountbatten's communique today reported general improvement in the situation around Kohima, where British forces are counter-attacking against enemy troops within 35 miles of the important Bengal-Assam railroad, and told of a Japanese defeat in hand-to-hand fighting northwest of besieged Imphal. Allied Indian base near the Burmese border 60 miles south of Kohima.

American infantrymen routed the Japanese from another village east of the Mogauing river in Burma and Chinese troops captured strong positions south of Pumsin. Fighter and bomber planes supported the advances.

**Pick New Target**  
Hansa Bay, Japan's barge and supply base on the northeast coast of New Guinea, apparently is marked for the same methodical destruction from the air already heaped on other important enemy strongholds in the southwest Pacific.

A 210-ton bombing Tuesday raised to 830 tons the explosive weight dumped on Hansa Bay by Allied planes in the past few days. Destroyer bombardment and P-51 boat attacks have added to the reduction of Hansa Bay's defenses.

In the central Pacific, American planes ranged over Japanese targets from Matsua, Onnekotan, Parnashiro and Shimushu in the northern Kurile Islands to Truk, Ponape, Ululul, Oroluk and Nomol in the Carolines, plus the usual raids on by-passed enemy bases in the eastern Marshall Islands.

**Enemy Casualties Now Double Allies**

New York, April 13 (AP)—War Mobilization Director James P. Byrnes last night remarked that "the roads to Berlin and Tokyo are not only long, but bloody," and he added:  
"Already our casualties, including killed, wounded, missing and prisoners, number 173,239; United Kingdom, 667,157, and the Soviet Republic 4,500,000."  
"The casualties of the enemy are almost double those of ourselves and our allies, and we expect to keep them at that ratio."

# MONARCHY MAY END IN ITALY AS KING QUILTS

By DEWITT MACKENZIE  
(Associated Press War Analyst)

If the Seers of ancient Rome were with us to read the flight of the birds of Omen, I think we should be told that old King Vittorio Emanuele's promise of retirement may presage the end of monarchy for Italy.

Of course that's not what the aged sovereign has in mind when he says he will turn the rule over to Crown Prince Umberto as soon as Allied troops enter Rome. Emanuele hopes to continue the dynasty through his son, but whatever may be the outcome there's no doubt that the Italian throne is rocking dangerously.

Officially the question of whether the monarchy should continue hasn't arisen, excepting in that it's been agreed the Italian people shall choose their own form of government after the war—providing it's democratic. That doesn't bar a monarchy. However, there's a trend towards the left in Italy and one of the strong elements is communism—an interesting circumstance, inasmuch as Mussolini established his dictatorship on the strength of his claim that the country was in dire danger from Communism.

**Tense Situation Eased**

The Communists have been aggressive in the campaign, but have adopted conciliatory tactics. Palmiro Togliatti, Communist leader, has campaigned for a united war cabinet, but has coupled this with the declaration that his party is willing to take subordinate posts in the government.

Italian Premier Badoglio's attitude towards the Communists has been friendly, especially since Moscow's recognition of his interim government. In this connection the London Daily Mail today says that Soviet recognition "undoubtedly strengthened Marshal Badoglio in the difficult task of asking for the King's retirement."

Emanuele's promise to retire has eased a tense situation, since there has been heavy pressure on him to abdicate, especially by the Italian Communists. It's expected that his action will permit of the formation of a new cabinet which will include Communist representation.

**No Allied Objection**

Observers note that the King's statement came immediately after a meeting of the Allied Advisory Commission for Italy, but Allied representatives say the only part their governments had in the development was to assure Emanuele they had no objection to his making this move. However, the Allied representatives themselves expressed approval of the action. America's Robert Murphy declared it "augurs well for the future" and said he thought it would lead to a more democratic and stable government.

While Britain apparently favors Emanuele's retirement, it's hard to believe she would welcome the abolishment of the monarchy. Her policy has been to support European thrones as calculated to lend strength to the monarchical form of government to which she herself wedded to democracy.

**Gauge Of Trends**

As things stand, the present Italian government will continue until the war is over. Then there will be a plebiscite to determine the form of government desired. If the nation returns to normal quickly after peace comes, it may be one of the first to register self-determination.

Thus Italy may give us an early gauge of the political trend on the continent of Europe. It's certain that the Italian Communists will try to carry the day, just as it's certain that Communism will play a big part in numerous other countries, notably in the Balkans just across the Adriatic from Italy.

**Court Restrains Activities Of LRB**

Harrisburg, April 13 (AP)—The Pennsylvania Labor Relations Board has been forbidden to hold hearings in labor cases involving employees of Girard College, Philadelphia, and Washington and Jefferson College, Washington, Pa.

In companion opinions citing a state supreme court decision that the State Labor Relations act applies exclusively to industrial disputes, Judge Earl E. Richard of the Dauphin County court yesterday held both institutions are non-profit organizations and therefore not under the law's provisions.

**Makes 25 Missions "Without A Loss"**

London, April 13 (AP)—An entire Liberator squadron was cited today by Brig. Gen. James P. Hodges, commander of the Liberator bomber force in England, for the completion of 25 aerial combat missions against the enemy without the loss of a single plane or crew member.

The squadron cited is commanded by Capt. Herbert H. Thompson, of Pottsville, Pa. The majority of its targets were in Germany and its feats were accomplished in the face of intense anti-aircraft fire and formidable fighter opposition.

**Jumped Out of Bucket**

The story, as pieced together by Schwartz from the sworn testimony of school patrons, pupils and the teacher, was:

On March 28, Mrs. Pauline Rebel, Wild Plum teacher, and her eight pupils were amazed when a pail of lignite coal near the stove began to stir restlessly without any apparent cause.

Then things began to happen. Lumps of coal started popping out of the pail like Mexican jumping beans, striking the walls and bounding back into the room.

**Dictionary Moves**

Jack Steiner, a pupil, was hit on the head and slightly injured. Violent action (but noiseless) tipped the coal pail over and the lumps of lignite ignited.

Window blinds on each of the nine windows started smoldering, and a dictionary began to move. A book case caught fire.

**Chemists Fail**

Schwartz said Wild Plum school officials, called to the scene, testified that when they arrived the coal was still reacting to a mysterious force. Pieces they picked up trembled in their hands.

An analysis of the coal by the state chemists at Dickinson State Teachers' college and the University of North Dakota at Grand Forks failed to reveal any chemical which might cause such action.

**School Is Closed**

"We plan to send the pail, the dictionary and a sample of the coal to the Federal Bureau of Investigation in Washington to see if any light can be thrown on the case," Schwartz said, "for so far we are as much in the dark as when the investigation started."

"At first we were convinced the whole thing was a hoax and suspected arson, but after we used the lie detector with negative results we are of the opinion that witnesses were telling the truth. To put it mildly, we are puzzled."

Schwartz said school officials have closed the school pending an investigation.

**URGE HIGHWAY PAY**

# ALLIES CHECK ADVANCES OF JAPS IN INDIA

By RICHARD C. BERGHOLZ  
Associated Press War Editor

Allied counter-attacks have slowed up the Japanese offensive against the Bengal-Assam railroad in India and Lt. Gen. Joseph Stilwell's troops have scored notable successes in their offensive against Japanese communications in Burma.

Adm. Lord Louis Mountbatten's communique today reported general improvement in the situation around Kohima, where British forces are counter-attacking against enemy troops within 35 miles of the important Bengal-Assam railroad, and told of a Japanese defeat in hand-to-hand fighting northwest of Imphal. Allied Indian base near the Burmese border 60 miles south of Kohima.

American infantrymen routed the Japanese from another village east of the Mogaung river in Burma and Chinese troops captured strong positions south of Pumin. Fighter and bomber planes supported the advances.

**Pick New Target**

Hansa Bay, Japan's barge and supply base on the northeast coast of New Guinea, apparently is marked for the same methodical destruction from the air already heaped on other important enemy strongholds in the southwest Pacific.

A 210-ton bombing Tuesday raised to 830 tons the explosive weight dumped on Hansa Bay by Allied planes in the past few days. Destroyer bombardment and P-51 boat attacks have added to the reduction of Hansa Bay's defenses.

In the central Pacific, American planes ranged over Japanese targets from Matsura, Onnekotan, Paramushiro and Shimushu in the northern Kurile Islands to Truk, Ponape, Ululu, Oroluk and Nomo in the Carolines, plus the usual raids on by-passed enemy bases in the eastern Marshall Islands.

# BIG "JITTERBUG COAL" MYSTERY PUZZLES POLICE

Bismarck, N. D., April 13 (AP)—State Fire Marshal Charles Schwartz today was puzzling over what he says is one of the most mysterious cases ever called to the attention of his department—"The Case of the Jitterbug Coal."

He has been puzzling over it since March 28 when Stark County Superintendent of Schools R. L. Swenson called the marshal's office to report a series of "strange happenings" at the Wild Plum school house, 20 miles south of Richardson, which led people in the community to believe the schoolhouse is "bewitched."

Schwartz said his investigation disclosed a "remarkable story almost beyond belief."

**Jumped Out of Bucket**

The story, as pieced together by Schwartz from the sworn testimony of school patrons, pupils and the teacher, was:

"FAMOUS FOR FINE FURS"

**Enemy Casualties  
Now Double Allies**

New York, April 13 (AP)—War Mobilization Director James F. Byrnes last night remarked that "the roads to Berlin and Tokyo are not only long, but bloody," and he added:

"Already our casualties, including killed, wounded, missing and prisoners, number 173,239; United Kingdom, 667,157, and the Soviet Republic 4,500,000.

"The casualties of the enemy are almost double those of ourselves and our allies, and we expect to keep them at that ratio."

A yellow flag hanging from a ship's halyard indicates that there is pestilence aboard.

## HURLERS MAY UPSET GIANTS TITLE HOPES

**By JACK HAND**  
New York, April 12 (AP)—First division hopes are a-blooming in the New York Giants camp a week before the season opens, despite last year's dismal cellar finish, but pitching appears to bar the way.

Manager Mel Ott can count on last year's outfield and catching staff plus a renovated inner defense that has been bolstered by the veteran Phil Weintraub at first base.

The pitching is the big question mark with Cliff Melton figuring to be the No. 1 man although Bill Volselle, who won 10 and lost 21 for Jersey City, has been showing enough spring stuff to be considered an opening day possibility. Reuben Fischer underwent a delicate spinal operation during the winter, but reports he's ready to go.

**Other Prospects**  
Ace Adams may be pressed into starting service after his brilliant relief work in 70 games last year and Johnny Allen, late in reporting, can be spotted with sufficient rest. Ewald Pyle, 30-year-old Southpaw who failed at St. Louis and Washington in the American league, is fighting for a spot along with Frank Seward, 10-game winner at Springfield, Mass. Ken Brondell and Walter Ockey, Army discharges and Ken Miller, a free agent, complete the staff. Lou Pili has been promoted from Jersey City, off his 1.85 earned run average.

Weintraub at first base is hardly a major league innovation. He's been with the Cardinals Reds, and Phils. Buddy Kerr of Jersey City is at shortstop and Cuban Nap Reyes has shifted from first to third base where he has been getting competition from Hugh Luby, a 313 clouter for Oakland. The veteran Billy Jurges is likely to be the third sacker when he shakes off a leg ailment.

**Draft Call Delayed**  
Ott's draft call probably has been delayed by the new Selective Service orders permitting him to at least start the year in right. Bruce (Fats) Sloan, up from Little Rock with a .365 average is his replacement. Johnny Ruckler is back in center and Joe Medwick, predicting a return to the .300 circle, is a fixture in left. Charley Mead of Jersey City is the extra man, with Steve Filippowicz of Fordham and Dan Gardella of a New York shipyard team headed for the minors.

Ernie Lombardi is the No. 1 catcher, and that department seems to be in fine shape with the veteran Gus Mancuso and Rookie Joe Stephenson from Springfield, Mass., backing up old Schnozz.

**8,000 Keglers In Illinois Tourney**  
Chicago, April 13 (AP)—The country's oldest bowling tournament, the Illinois state bowling association's event, will open tonight with some 8,000 keggers entered.

The tourney is the 47th annual sponsored by the association and will run daily through May 23. Prizes totaling more than \$25,000 will be awarded the entries—1,565 five-man teams, 1,658 singles, and 3,098 doubles combinations.

**Ohio State Coach Gets Commission**  
Columbus, O., April 13 (AP)—Paul E. Brown, Ohio State university's head football coach, has been commissioned a lieutenant (jg) in the Navy and ordered to report to Great Lakes next Monday, he disclosed today.

Brown who was sworn in yesterday is 35 years old, married and has three sons.  
Choice of his successor at Ohio State remains with Brown, who will be "coach in absentia."

**Expect Draft To Curb Coal Mining**  
Harrisburg, April 13 (AP)—Richard Maize, state mines secretary, looks for Pennsylvania's coal production to be affected by new Selective Service regulations permitting induction of miners under 22 after May 1 but said today it may be some time before its extent is known.

"Both bituminous and anthracite production have been holding up so far to about what they were in the first three months of last year," declared Maize.  
A directive sent local boards yesterday by Col. Richard K. Mellon state Selective Service director, announced:  
"Registrants who are under the age of 22 and who are engaged in coal mining will be released at once for processing and their induction will proceed as rapidly as possible after May 1."

**CURB RENT PRICES**  
Pittsburgh, April 12 (AP)—Catherine B. Hatch, of Erie, in a consent decree issued yesterday by Federal Judge R. M. Gibson, is permanently restrained from further demanding rents in excess of the OPA regulations for accommodations in her rooming houses.

## Fritzie Zivic Now At New Cumberland

Pittsburgh, April 13 (AP)—Fritzie Zivic, his ring career apparently at an end, was at the Army's New Cumberland, Pa., Reception Center today to start a new career as a buck private.

The ex-welterweight champion headed a contingent of eight inductees from local Board No. 9—out in the "Strip" district where Zivic grew up and first learned to use his fists—that left last night.

The Pennsylvania station was jammed as a throng of well-wishers jammed against the station gates to give the irrepressible Zivic a thundering farewell.

## SPORTS ROUNDUP

**By HUGH FULLERTON, JR.**

**New York, April 13 (AP)**—Although there's nothing in the wording of the new draft ruling regarding men over 26 that even hints at the status of baseball players, some baseball men who have their ears tuned to Washington wavelengths insist that it means their athletes won't be called. . . . "The Army doesn't want 'em and they won't try to force ball players into war jobs," said one. "It's like the limited service men. They told us down there, 'There's only one place for those fellows and that's right on your ball clubs.'" . . . An Oklahoma man who figures that anonymity is the better part of valor, forwards the report that medical discharges in the Army these days are accompanied by Tulsa U. football posters. But if Coach Frnk really has the Army doc organized that much, it probably was to keep the Giants from signing 'em all as baseball players.

**KID'S PLAY BASEBALL, TOO**  
Latest report on the growth of "kid" baseball comes from Milwaukee, where the "stars of yesterday" program, begun in 1936, operated with 85 teams last year. . . . Teams are named for former Brewer stars, hence the tag. . . . A notable feature of the project is a baseball school, conducted by former pro players, which has drawn more than 6,500 kids to "Professor" Jack Klotz's lectures and nearly 11,000 at the outdoor classes.

**ONE-MINUTE SPORTS PAGE**  
Jimmy Johnston has accepted an offer for his re-treaded heavyweight, Tony Shucro, to fight Turkey Thompson in Hollywood, Calif., late in May, but in making the bid Promoter Joe Lynch insisted that Jimmy must accompany Shucro or the fight was off. . . . Who's the attraction, anyway? . . . Paul Richards, Detroit Tigers' catcher, wrote sports for the Waxahatchee, Texas, "Light" last winter. . . . Big Bill Freelove, owner of the Los Angeles Mustangs, is trying to organize an eight-club pro football league on the west coast to start operations next fall.

**A ROOKIE A DAY**  
Louis Americus (Crip) Polli, New York Giants—Who called him a rookie? He's 40 years old and in 1930, when he had a trial with the Yankees, Bob Shawkey told him he'd never be a big leaguer. . . . Nevertheless Crip showed enough at Jersey City last year (leading the league in earned run averages with 1.85) and in spring training to earn promotion. A little guy, he pitches more with his head than with his arm. . . . And some day when the batters have the range of that short right field wall at the Polo Ground, he may think it's his head sailing into the stands.

**SERVICE DEPT.**  
Lieut. Max E. R. Keiffer, who used to write V-mail letters from the Pacific about basketball, is sending them the other way now from Honolulu, Texas. . . . During the season he sent scores and court comments to about 70 fellow fans overseas. . . . Adolph Kiefer, who has won more swimming races than you can count, has just won his ensign's stripe at the Bainbridge, Md., Naval Training Station. . . . WAVE Ensign Grace Wills of the Jacksonville, Fla., Naval Air Technical Training Center, once coached a junior high boys' football team in Morrisstown, N. J. . . . "I stole the plays but the team did all right," she admits.

**Bob Montgomery Ready For Service**

Philadelphia, April 13 (AP)—Bob Montgomery, holder of the Pennsylvania, New York and New Jersey version of the lightweight boxing championship today was ready to hang up his gloves and join Uncle Sam's fight as a soldier.  
The bobcat passed his pre-induction physical examination yesterday and grinned from ear to ear when he was informed he had been accepted.  
He regained his three-state title in his last bout with Beau Jack at Madison Square Garden, March 3. Jack has been ordered to take his physical exam April 12.  
**EX-BOXER EXPIRES**  
London, April 13 (AP)—The Earl of Lonsdale, prominent sportsman who once fought John L. Sullivan five rounds under an assumed name and won, died today at Oakham, Rutland. He was 87.

## SCHEDULE TWO BENEFIT GAMES FOR RED CROSS

**By FRITZ HOWELL**  
New York, April 13 (AP)—It's all for sweet charity today as New York Yankees and Giants meet at the Polo Grounds, and the Brooklyn Dodgers and the Philadelphia Phillies clash at Ebbets Field.

The Red Cross gets all the gate, and it's liable to add up to a fat figure. Regular prices are being charged, 35,000 are expected to see the Yank-Giant tilt, and no one knows how many will be on hand to see the Bums and the Bluejays.  
Hank Borowy will start for the Yanks, and Cliff Melton for the Giants. Freddie Fitzsimmons, Philadelphia skipper, will open for the Jaybirds, and Rube Melton will be on the hill for the Dodgers.

The day's developments elsewhere:  
**National League**  
St. Louis: Pepper Martin played last three innings of Cards-Browns city series game and scored two runs.

Pittsburgh: Pilot Frankie Frisch cheered by Wednesday pitching performance of rookie Art Cucurullo who entered game with score tied and fanned six Clevelanders to win game.  
Chicago: Cubs ready to go, squad in best shape in years, Manager Jimmy Wilson says.

Cincinnati: Joe Beggs to share mound with Bucky Walters against Indians today at Richmond, Ind., after being sworn into Navy as lieutenant (jg). Beggs' stay with Reds uncertain.  
Boston: Manager Bob Coleman silent on pitching selections for intra-city three-game series with Red Sox starting Friday.

**American League**  
Chicago: "We're in excellent condition. All we need is some batting practice against Cub pitching to be ready for opener against Cleveland Tuesday," Manager Jimmy Dykes declared.  
Cleveland: With loss of Ken Keltner imminent, Lou Boudreau is scurrying for another infielder.  
Detroit: Don Ross, right fielder, still getting applause for one-hand catch snuffing Louisville rally in eighth, deciding game.  
Philadelphia: Coach Lena Blackburn named manager of Lancaster in Interstate league, and five players sent along with him. Infielder Don Heffner and Catcher Bob Swift sold to Detroit.

St. Louis: Jack Jakucki proud he held Cards to two runs in six frames, although he walked three and allowed eight hits.  
Boston: Lou Lucier, 26-year-old right-hander, classified 4-F because of head injuries suffered at Louisville last year, due to report soon.  
Washington: "I have no worries now," Manager Ossie Bluege said. "We have the pitching, and the hitting is improving."

## NEW YANKEE ACE HAS 27 VICTIMS

Allied Headquarters, Southwest Pacific, April 13 (AP)—Capt. Richard I. Bong, Poplar, Wis., has shot down 27 enemy planes in aerial combat to become the highest ranking American ace in this or any other war.

Headquarters announced today Bong's 26th and 27th victories were achieved in raids over the Japanese base at Hollandia, New Guinea.  
Bong's total exceeds the 26 planes credited to Capt. Eddie Rickenbacker, World War I ace. All of Bong's victims have been shot down during aerial combat.  
(Capt. Don Gentile, Piqua, O., flying in the European theater, is credited with 30 enemy planes but the total includes seven destroyed on the ground.)

The Wisconsin ace holds 20 Army decorations, topped by the distinguished service cross won last Oct. 23. He also holds the Silver Star with one Oak Leaf cluster, the distinguished flying cross with four clusters and the air medal with 11 clusters.

## Cave-In Sweeps Parts Of Cellar

Pittston, Pa., April 13 (AP)—The Martin Kearney family has only part of a cellar today—the rest having slipped away into a yawning hole.  
Mrs. Kearney discovered the cavity, which measured 10 by 15 feet, in the cellar floor yesterday when she went down stairs to fix the furnace. The lost section was attributed to a mine subsidence, a common occurrence recently in this community built atop coal mines.  
Mine workers were unable to find the bottom of the hole and after 200 tons of mine waste were dumped into the cavity the earth gave way again. This time it left a four-by-four hole. There was no evidence of a cave-in outside the house.

## STATE COMMISSION

Harrisburg, April 13 (AP)—Stanley R. Yarnall, Germantown, was named a member of the Pennsylvania Historical Commission by Governor Martin yesterday to succeed Dr. Roy Franklin Nichols, Swarthmore, who resigned. Also reappointed to the commission were Ross Pier Wright, Erie; Edward R. Barnsley, Newtown; George L. Nell, Pittsburgh, and Miss Frances Dorance, Kingston.

## Train Scramble For Race Horses

Miami, Fla., April 13 (AP)—The headache curve rose sharply in Miami this week as approximately 1,200 race horses joined the human contingent in an undiminished post-season exodus.

Owners of thoroughbreds clamored for instantaneous transportation for their four-legged breadwinners as soon as Tropical Park's spring meeting ended last Saturday.  
"We're taking them on a first come, first serve basis, and an aspirin tablet for all that's left over," the Railway Express agency reported. "We couldn't put 1,200 horses in the first few cars available, so the uproar was rather terrifying."

An average of six cars are being loaded daily, with 12 to 16 horses to the car. They are bound for New York, New England, Chicago and Detroit tracks, mostly.  
"We'll have 'em all out of here about April 18," a harried official stated.

## DARK HORSE IN GOLF TOURNEY

Pinehurst, N. C., April 13 (AP)—George McCallister of Spartanburg, S. C., champion of that city for four years, emerged today as a darkhorse contender for the title in the 44th north and south amateur golf tournament.

McCallister, who has been up and coming since his ace in the first round of the Durham open a fortnight ago, upset Pete Ladislav, a favorite, 3 and 2 yesterday. The North Hills, L. I., shotmaker had tied with Bill Cozart of Durham, N. C., for second place in the qualifying round and was regarded as a possible finalist with medalist Mal Galletta of St. Albans, N. Y.  
Cozart beat Jack Ryerson of Cooperstown, N. Y., 6 and 4 in their quarter-final match; Galletta won from S. B. Gardiner of Plandome, L. I., 3 and 2; and Jim Fowmes of Pittsburgh, who advanced to the quarter-final with a 1 up victory over Pic. Alec Thomas of Camp Mackall on the 27th hole, eliminated Stedman Tinker of Columbus, O., 3 and 2.

The semi-final pitted Galletta against Cozart and McCallister against Fowmes.

## PLAN LIBERAL SOLDIER VOTE

Harrisburg, April 13 (AP)—Pennsylvania is expected to spend approximately \$700,000 to smooth the way for the armed forces and Allied war services to cast absentee ballots in November.

Already boasting the commonwealth will have the most liberal soldier vote law in the nation, several members of the committee drafting legislation for the May 1 special session calculated today the overall cost to the state will include:  
\$300,000—Minimum cost for calling legislators back to the capitol for special session.  
\$200,000—Pay for local election officials to sit in the state-wide military ballot day in August to compile lists of eligible absentee voters.

**Save 23 Cents**  
\$200,000—Approximate cost of automatic mailing of ballots (about 20 cents apiece) to members of the armed forces; the Red Cross, Merchant Marine and similar war agencies.  
The state now pays election boards a top price of 43 cents for each ballot but proposed legislation by eliminating one envelope and postage costs will bring the sum down to about 20 cents, committee members said.  
The plan proposes elimination of registration as a requisite for voting, automatic mailing of ballots without prior application, and extension of the time period to more than 100 days for sending and receiving the ballots.

**JEFFRIES IS 69**  
Burbank, Calif., April 13 (AP)—Big Jim Jeffries, one of the last in the old line of heavyweight champions observes his 69th birthday in special festivities in his Burbank boxing arena tonight. Stage and screen stars and boxing champions of past and present will help Jim celebrate. He has lived here for 40 years and his "Jeffries barn" holds regular boxing contests.

## V-12 PERSONNEL AT THE MOUNT HAS CHANGED

The administrative personnel of the V-12 Naval unit at Mt. St. Mary's college has been completely changed since July except for one officer and two members of the ship's company, it was announced today.

The remaining members of the original Naval staff at the Mount are Lt. (jg) R. J. Richards, now acting commanding officer, and CPO John D. Wilson and John Butler, SK 1-C.

The latest shift sends Lt. R. D. Matthews, skipper of the Mount unit to Washington on a temporary duty status. There he will take charge of pre-V-12 training to be given 3,000 men selected from the fleet for the college training program. After this assignment, he is expected to again return to the Mount, though recent reports seem to indicate that he may receive other duty instead.

Upon his own request, Lt. (jg) Gus H. Pearlman has been transferred to the Pacific theater. Lt. Pearlman served as personnel, insurance, recreation, and war bond officer. His replacement is Lt. (jg) George C. Hall, for over a year a member of the officer complement of the Navy Training School (electrical) at Moorhead, Ky. Lt. Hall was graduated from the Notre Dame Reserve Midshipman's school, and before coming into the Naval service, was employed as an industrial engineer. The new officer lives off base with his wife.

**Other Changes**  
The commissioning of former CPO Charles B. Edwards as a lieutenant junior grade brought CPO Joseph Eckstein to ship's company at the Mount. Chief Eckstein had served at the Bainbridge Navy Training Station for more than a year. Eckstein and Wilson direct the physical training program of the Navy besides assisting in the coaching of the collegiate athletic teams.  
After 20 months of active duty both at advanced bases and aboard ship, PHM1/Aaron Iskowitz, USN, replaces PHM1/C Joseph Gullio who was recently assigned duty at Bainbridge. Gullio had been a member of the Mount's ship's company since August of last year. Philip Boyd, formerly a yeoman at the Mount, has been granted Pacific duty. He reported to San Diego more than a month ago. Yeoman Third Class M. C. Eaton was transferred from Bainbridge to fill the vacancy. The stripes of a first class pharmacist mate were awarded Thurlow Harvey upon his transfer from this base to the Seabees at Camp Perry, Virginia. Harvey was also a member of the original complement.

"It has sure been a pleasure receiving all the news from home. Your letters keep me informed as to the whereabouts of a lot of my old friends and school mates from the Emmitsburg high. I've almost completed 19 months overseas of which I spent quite a

## HURLERS MAY UPSET GIANTS TITLE HOPES

By JACK HAND

New York, April 12 (AP)—First division hopes are a-blooming in the New York Giants camp a week before the season opens, despite last year's dismal cellar finish, but pitching appears to bar the way.

Manager Mel Ott can count on last year's outfield and catching staff plus a renovated inner defense that has been bolstered by the veteran Phil Weintraub at first base.

The pitching is the big question mark with Cliff Melton figuring to be the No. 1 man although Bill Voiselle, who won 10 and lost 21 for Jersey City, has been showing enough spring stuff to be considered an opening day possibility. Reuben Fischer underwent a delicate spinal operation during the winter, but reports he's ready to go.

Other Prospects

Ace Adams may be pressed into starting service after his brilliant relief work in 70 games last year and Johnny Allen, late in reporting, can be spotted with sufficient rest. Ewald Pyle, 30-year-old Southpaw who failed at St. Louis and Washington in the American league, is fighting for a spot along with Frank Seward, 10-game winner at Springfield, Mass. Ken Brondell and Walter Ockey, Army discharges and Ken Miller, a free agent, complete the staff. Lou Polli has been promoted from Jersey City, off his 1.85 earned run average.

Weintraub at first base is hardly a major league innovation. He's been with the Cardinals Reds, and Phils. Buddy Kerr of Jersey City is at shortstop and Cuban Nap Reyes has shifted from first to third base where he has been getting competition from Hugh Luby, a 313 clouter for Oakland. The veteran Billy Jurgis is likely to be the third sacker when he shakes off a leg ailment.

Draft Call Delayed

Ott's draft call probably has been delayed by the new Selective Service orders permitting him to at least start the year in right. Bruce (Patso) Sloan, up from Little Rock with a .365 average is his replacement. Johnny Rucker is back in center and Joe Medwick, predicting a return to the .300 circle, is a fixture in left. Charley Mead of Jersey City is the extra man, with Steve Filipowicz of Pordham and Dan Gardella of a New York shipyard team headed for the minors.

Ernie Lombardi is the No. 1 catcher, and that department seems to be in fine shape with the veteran Gus Mancuso and Rookie Joe Stephenson from Springfield, Mass., backing up old Schnozz.

## 8,000 Keglers In Illinois Tourney

Chicago, April 13 (AP)—The country's oldest bowling tournament, the Illinois state bowling association's event, will open tonight with some 8,000 keggers entered.

The tourney is the 47th annual sponsored by the association and will run daily through May 23. Prizes totaling more than \$25,000 will be awarded the entries—1,565 five-man teams, 1,658 singles, and 3,098 doubles combinations.

## Ohio State Coach Gets Commission

Columbus, O., April 13 (AP)—Paul E. Brown, Ohio State university's head football coach, has been commissioned a lieutenant (jg) in the Navy and ordered to report to Great Lakes next Monday, he disclosed today.

Brown who was sworn in yesterday is 35 years old, married and has three sons.

Choice of his successor at Ohio State remains with Brown, who will be "coach in absentia."

## Expect Draft To Curb Coal Mining

Harrisburg, April 13 (AP)—Richard Maize, state mines secretary, looks for Pennsylvania's coal production to be affected by new Selective Service regulations permitting induction of miners under 22 after May 1 but said today it may be some time before its extent is known.

"Both bituminous and anthracite production have been holding up so far to about what they were in the first three months of last year," declared Maize.

A directive sent local boards yesterday by Col. Richard K. Mellon state Selective Service director, announced:

"Registrants who are under the age of 22 and who are engaged in coal mining will be released at once for processing and their induction will proceed as rapidly as possible after May 1."

CURB RENT PRICES

Pittsburgh, April 12 (AP)—Catherine B. Hatch, of Erie, in a consent decree issued yesterday by Federal Judge R. M. Gibson, is permanently restrained from further demanding rents in excess of the OPA regulations for accommodations in her rooming houses.

## Fritzie Zivic Now At New Cumberland

Pittsburgh, April 13 (AP)—Fritzie Zivic, his ring career apparently at an end, was at the Army's New Cumberland, Pa., Reception Center today to start a new career as a buck private.

The ex-welterweight champion headed a contingent of eight inductees from local Board No. 9—out in the "Strip" district where Zivic grew up and first learned to use his fists—that left last night.

The Pennsylvania station was jammed as a throng of well-wishers jammed against the station gates to give the irrepressible Zivic a thundering farewell.

## SPORTS ROUNDUP

By HUGH FULLERTON, JR.

New York, April 13 (AP)—Although there's nothing in the wording of the new draft ruling regarding men over 26 that even hints at the status of baseball players, some baseball men who have their ears tuned to Washington wavelengths insist that it means their athletes won't be called.

"The Army doesn't want 'em and they won't try to force ball players into war jobs," said one. "It's like the limited service men. They told us down there, 'There's only one place for those fellows and that's right on your ball clubs.' . . . An Oklahoma man who figures that anonymity is the better part of valor, forwards the report that medical discharges in the Army these days are accompanied by Tulsa U. football posters. But if Coach Frnk really has the Army does organized that much, it probably was to keep the Giants from signing 'em all as baseball players."

KIDS'LL PLAY BASEBALL, TOO

Latest report on the growth of "kid" baseball comes from Milwaukee, where the "stars of yesterday" program, begun in 1936, operated with 85 teams last year. . . . Teams are named for former Brewer stars, hence the tag. . . . A notable feature of the project is a baseball school, conducted by former pro players, which has drawn more than 6,500 kids to "Professor" Jack Kloza's lectures and nearly 11,000 at the outdoor classes.

ONE-MINUTE SPORTS PAGE

Jimmy Johnston has accepted an offer for his re-treated heavyweight, Tony Shucco, to fight Turkey Thompson in Hollywood, Calif., late in May, but in making the bid Promoter Joe Lynch insisted that Jimmy must accompany Shucco or the fight was off. . . . Who's the attraction, anyway? . . . Paul Richards, Detroit Tigers' catcher, wrote sports for the Waxahatchie, Texas, "Light" last winter. . . . Big Bill Freelove, owner of the Los Angeles Mustangs, is trying to organize an eight-club pro football league on the west coast to start operations next fall.

A ROOKIE A DAY

Louis Americus (Crip) Polli, New York Giants—Who called him a rookie? He's 40 years old and in 1930, when he had a trial with the Yankees, Bob Shawkey told him he'd never be a big leaguer. . . . Nevertheless Crip showed enough at Jersey City last year (leading the league in earned run averages with 1.85) and in spring training to earn promotion. A little guy, he pitches more with his head than with his arm. . . . And some day when the batters have the range of that short right field wall at the Polo Ground, he may think it's his head sailing into the stands.

SERVICE DEPT.

Lieut. Max E. R. Keiffer, who used to write V-mail letters from the Pacific about basketball, is sending them the other way now from Honolulu, Texas. . . . During the season he sent scores and court comments to about 70 fellow fans overseas.

Adolph Kiefer, who has won more swimming races than you can count, has just won his ensign's stripe at the Bainbridge, Md., Naval Training Station. . . . WAVE Ensign Grace Wilts of the Jacksonville, Fla., Naval Air Technical Training Center, once coached a Junior high boys' football team in Morristown, N. J. . . . "I stole the plays but the team did all right," she admits.

## Bob Montgomery Ready For Service

Philadelphia, April 13 (AP)—Bob Montgomery, holder of the Pennsylvania, New York and New Jersey version of the lightweight boxing championship today was ready to hang up his gloves and join Uncle Sam's fight as a soldier.

The bobcat passed his pre-induction physical examination yesterday and grinned from ear to ear when he was informed he had been accepted.

He regained his three-state title in his last bout with Beau Jack at Madison Square Garden, March 3. Jack has been ordered to take his physical exam April 12.

EX-BOXER EXPIRES

London, April 13 (AP)—The Earl of Lonsdale, prominent sportsman who once fought John L. Sullivan five rounds under an assumed name and won, died today at Oakham, Rutland. He was 87.

## SCHEDULE TWO BENEFIT GAMES FOR RED CROSS

By FRITZ HOWELL

New York, April 13 (AP)—It's all for sweet charity today as New York Yankees and Giants meet at the Polo Grounds, and the Brooklyn Dodgers and the Philadelphia Phillies clash at Ebbets Field.

The Red Cross gets all the gate, and it's liable to add up to a fat figure. Regular prices are being charged, 35,000 are expected to see the Yank-Giant tilt, and no one knows how many will be on hand to see the Bums and the Bluejays.

Hank Borowy will start for the Yanks, and Cliff Melton for the Giants. Freddie Fitzsimmons, Phillies skipper, will open for the Jays, and Rube Melton will be on the hill for the Dodgers.

The day's developments elsewhere:

National League

St. Louis: Pepper Martin played last three innings of Cards-Browns city series game and scored two runs.

Pittsburgh: Pilot Frankie Frisch cheered by Wednesday pitching performance of rookie Art Cucurullo who entered game with score tied and fanned six Clevelanders to win game.

Chicago: Cubs ready to go, squad in best shape in years, Manager Jimmy Wilson says.

Cincinnati: Joe Beggs to share mound with Bucky Walters against Indians today at Richmond, Ind., after being sworn into Navy as lieutenant (jg). Beggs' stay with Reds uncertain.

Boston: Manager Bob Coleman silent on pitching selections for intra-city three-game series with Red Sox starting Friday.

American League

Chicago: "We're in excellent condition. All we need is some batting practice against Cub pitching to be ready for opener against Cleveland Tuesday," Manager Jimmy Dykes declared.

Cleveland: With loss of Ken Keltner imminent, Lou Boudreau is scurrying for another infielder.

Detroit: Don Ross, right fielder, still getting applause for one-hand catch snuffing Louisville rally in eighth, deciding game.

Philadelphia: Coach Lena Blackburn named manager of Lancaster in Interstate league, and five players sent along with him. Infielder Don Heffner and Catcher Bob Swift sold to Detroit.

St. Louis: Jack Jakucki proud he held Cards to two runs in six frames, although he walked three and allowed eight hits.

Boston: Lou Lucler, 26-year-old right-hander, classified 4-F because of head injuries suffered at Louisville last year, due to report soon.

Washington: "I have no worries now," Manager Ossie Bluege said. "We have the pitching, and the hitting is improving."

## NEW YANKEE ACE HAS 27 VICTIMS

Allied Headquarters, Southwest Pacific, April 13 (AP)—Capt. Richard I. Bong, Poplar, Wis., has shot down 27 enemy planes in aerial combat to become the highest ranking American ace in this or any other war.

Headquarters announced today Bong's 26th and 27th victories were achieved in raids over the Japanese base at Hollandia, New Guinea.

Bong's total exceeds the 26 planes credited to Capt. Eddie Rickenbacker, World War I ace. All of Bong's victims have been shot down during aerial combat.

Capt. Don Gentile, Piqua, O., flying in the European theater, is credited with 30 enemy planes but the total includes seven destroyed on the ground.

The Wisconsin ace holds 20 Army decorations, topped by the distinguished service cross won last Oct. 23. He also holds the Silver Star with one Oak Leaf cluster, the distinguished flying cross with 11 clusters.

## Cave-In Sweeps Parts Of Cellar

Pittston, Pa., April 13 (AP)—The Martin Kearney family has only part of a cellar today—the rest having slipped away into a yawning hole.

Mrs. Kearney discovered the cavity, which measured 10 by 15 feet, in the cellar floor yesterday when she went down stairs to fix the furnace. The lost section was attributed to a mine subsidence, a common occurrence recently in this community built atop coal mines.

Mine workers were unable to find the bottom of the hole and after 200 tons of mine waste were dumped into the cavity the earth gave way again. This time it left a four-by-four hole. There was no evidence of a cave-in outside the house.

STATE COMMISSION

Harrisburg, April 13 (AP)—Stanley R. Yarnall, Germantown, was named a member of the Pennsylvania Historical Commission by Governor Martin yesterday to succeed Dr. Roy Franklin Nichols, Swarthmore, who resigned. Also reappointed to the commission were Ross Pier Wright, Erie; Edward R. Barnsley, Newtown; George L. Nell, Pittsburgh, and Miss Frances Dorrance, Kingston.

## Train Scramble For Race Horses

Miami, Fla., April 13 (AP)—The headache curve rose sharply in Miami this week as approximately 1,200 race horses joined the human contingent in an undiminished post-season exodus.

Owners of thoroughbreds clamored for instantaneous transportation for their four-legged breadwinners as soon as Tropical Park's spring meeting ended last Saturday.

"We're taking them on a first come, first serve basis, and an aspirin tablet for all that's left over," the Railway Express agency reported. "We couldn't put 1,200 horses in the first few cars available, so the uproar was rather terrifying."

An average of six cars are being loaded daily, with 12 to 16 horses to the car. They are bound for New York, New England, Chicago and Detroit tracks, mostly.

"We'll have 'em all out of here about April 18," a harried official stated.

## DARK HORSE IN GOLF TOURNEY

Pinehurst, N. C., April 13 (AP)—George McCallister of Spartanburg, S. C., champion of that city for four years, emerged today as a darkhorse contender for the title in the 44th north and south amateur golf tournament.

McCallister, who has been up and coming since his ace in the first round of the Durham open a fortnight ago, upset Pete Ladislav, a favorite, 3 and 2 yesterday.

The North Hills, L. I., shotmaker had tied with Bill Cozart of Durham, N. C., for second place in the qualifying round and was regarded as a possible finalist with medalist Mal Galletta of St. Albans, N. Y.

Cozart beat Jack Ryerson of Cooperstown, N. Y., 6 and 4 in their quarter-final match; Galletta won from S. B. Gardiner of Plandome, L. I., 3 and 2; and Jim Fownes of Pittsburgh, who advanced to the quarter-final with a 1 victory over Pfc. Alec Thomas of Camp Mecklen on the 27th hole, eliminated Siedman Tinker of Columbus, O., 3 and 2.

The semi-final pitted Galletta against Cozart and McCallister against Fownes.

## PLAN LIBERAL SOLDIER VOTE

Harrisburg, April 13 (AP)—Pennsylvania is expected to spend approximately \$700,000 to smooth the way for the armed forces and Allied war services to cast absentee ballots in November.

Already boasting the commonwealth will have the most liberal soldier vote law in the nation, several members of the committee drafting legislation for the May 1 special session calculated today the over-all cost to the state will include:

\$300,000—Minimum cost for calling legislators back to the capitol for special session.

\$200,000—Pay for local election officials to sit in the state-wide military ballot day in August to compile lists of eligible absentee voters.

Save 23 Cents  
\$200,000—Approximate cost of automatic mailing of ballots (about 20 cents apiece) to members of the armed forces; the Red Cross, Merchant Marine and similar war agencies.

The state now pays election boards a top price of 43 cents for each ballot but proposed legislation by eliminating one envelope and postage costs will bring the sum down to about 20 cents, committee members said.

The plan proposes elimination of registration as a requisite for voting, automatic mailing of ballots without prior application, and extension of the time period to more than 100 days for sending and receiving the ballots.

JEFFRIES IS 69

Burbank, Calif., April 13 (AP)—Big Jim Jeffries, one of the last in the old line of heavyweight champions, observes his 69th birthday in special festivities in his Burbank boxing arena tonight. Stage and screen stars and boxing champions of past and present will help Jim celebrate. He has lived here for 40 years and his "Jeffries barn" holds regular boxing contests.

COUNTRY CLUB SOLD

Sapulpa, Okla., April 13 (AP)—The \$450,000 Oakhurst country club, was sold at a sheriff's auction yesterday for \$32,500 to a syndicate headed by W. Dexter Moss, publisher of the Tulsa Legal News.

## V-12 PERSONNEL AT THE MOUNT HAS CHANGED

The administrative personnel of the V-12 Naval unit at Mt. St. Mary's college has been completely changed since July except for one officer and two members of the ship's company. It was announced today.

The remaining members of the original Naval staff at the Mount are Lt. (jg.) R. J. Richards, now acting commanding officer, and CPO John D. Wilson and John Butler, SK 1-C.

The latest shift sends Lt. R. D. Matthews, skipper of the Mount unit to Washington on a temporary duty status. There he will take charge of pre-V-12 training to be given 3,000 men selected from the fleet for the college training program. After this assignment, he is expected to again return to the Mount, though recent reports seem to indicate that he may receive other duty instead.

Upon his own request, Lt. (jg.) Gus H. Pearlman has been transferred to the Pacific theater. Lt. Pearlman served as personnel, insurance, recreation, and war bond officer. His replacement is Lt. (jg.) George C. Hall, for over a year a member of the officer complement of the Navy Training School (electrical) at Moorhead, Ky. Lt. Hall was graduated from the Notre Dame Reserve Midshipman's school, and before coming into the Naval service, was employed as an industrial engineer. The new officer lives off base with his wife.

Other Changes

The commissioning of former CPO Charles B. Edwards as a lieutenant junior grade brought CPO Joseph Eckstein to ship's company at the Mount. Chief Eckstein had served at the Bainbridge Navy Training Station for more than a year. Eckstein and Wilson direct the physical training program of the Navy besides assisting in the coaching of the collegiate athletic teams.

After 20 months of active duty both at advanced bases and aboard ship, PHM1/Aaron Iskowitz, USN, replaces PHM1/c Joseph Gullio who was recently assigned duty at Bainbridge. Gullio had been a member of the Mount's ship's company since August of last year. Philip Boyd, formerly a yeoman at the Mount, has been granted Pacific duty. He reported to San Diego more than a month ago. Yeoman Third Class M. C. Eaton was transferred from Bainbridge to fill the vacancy. The stripes of a first class pharmacist mate were awarded Thurlow Harvey upon his transfer from this base to the Seabees at Camp Perry, Virginia. Harvey was also a member of the original complement.

A letter from Sgt. David R. Martin, dated March 3, 1944, Anzio Beachhead, Italy, to the Lions club expresses his appreciation of the effort being put forth to keep the service men from this district informed as to the location of their comrades. "It has sure been a pleasure receiving all the news from home. Your letters keep me informed as to the whereabouts of a lot of my old friends and school mates from the Emmitsburg high. I've almost completed 19 months overseas of which I spent quite a

You've grown too old!"

**Today's Talk**

**THE DOOR OF THE HEART**

All life is a thing of doors. The Creator was wise when he made it so. Man's will, his imagination and his aspiration are essential to open these various doors. To get to the gold, the diamonds and other precious stones that are secreted in the bowels of the earth, a door must be dug to them, and opened.

Scientists are forever opening doors. Poets open many a door into mansions of beauty. Discoverers open doors to towns and cities, to farmers and to civilization itself. And to every heart there is a door that must be opened before its secrets can be revealed.

It often takes a long time before this door of the heart opens of its free will, to one who would know its inner life and experience. Mere idle knocks do not open it. Nor do noises and loud acclaim. Sometimes a mere whisper will do the miraculous! Opportunity knocks at many a door daily—but only the willing hear that knock. We must train these ears of ours to correct hearing. We must become sensitive to spiritual sounds.

There must be a timing to our calls for the opening of a person's heart to us. A certain fitness is essential. Hearts are miraculously sensitive. But they are generally filled with eagerness and a hunger for companionship, so that an opening of their doors becomes a happy possibility.

I have always been intrigued by the word capacity. I can overlook so much in a friend if I but feel that he has the capacity to love, to understand, or to give full reward for my wanting to open the way to his innermost life. It works both ways, as well. And when it does, there is unity and spiritual triumph.

You just have to discover the key that unlocks and opens the door to the heart that you wish to enter. It may appear mythical, but it's real if it works! And when that door swings wide open there are no questions—only rejoicing!

Tomorrow Mr. Adams will talk on the subject: "God's Lurking Places."

**Wed at Parsonage**—Miss Ida P. Heller, of Idaville, and John O. Naugle, of near York Springs, were married Saturday evening at 8:30 o'clock at the parsonage of the United Brethren church, Guernsey, by the Rev. W. I. Kauffman.

**Local Singers Win Fresh Laurels**.—Mr. and Mrs. R. E. Zinn, Hanover street, already well known for their ability as vocalists, won fresh laurels on Sunday evening when they sang at St. James' Lutheran church.

Assisting the choir of that church, Mr. and Mrs. Zinn sang the bass and soprano parts, respectively, of John Stainer's cantata "The Crucifixion."

The cantata was directed by Mrs. Carrie Pretz, leader of the choir. Prior to the rendition of the sacred music, Miss Ethel Culp played two organ preludes.

**Supper Held for School**—At a chicken and waffle supper held in the Arentsville Vocational school on Saturday night, a profit of about two hundred and twenty-five dollars was realized. The money will be applied on the debt which still exists on the community auditorium. More than two hundred people were fed at the supper.

**"Miss Cherry Blossom" Proves High School's Best Effort**—Surpassing in every way all previous efforts of Gettysburg High School players, "Miss Cherry Blossom," a musical comedy, was presented to an audience which taxed the capacity of the Lincoln Way Theatre, Thursday evening.

Miss Madelyn Culp as "Miss Cherry Blossom," gave an interpretation of her part that belied the fact that she was only an amateur. She was capably supported by Jarvis Robinson as a New Yorker, Edgar Markley, supplying the comedy, always brought hearty laughter from the audience.

Other members of the cast were John Mickey, Charles Weaver, Miss Mary Jane Snyder, Clifton Wierman and Byron Kadel.

The proceeds of the play, directed by Miss Lucille Henry and Miss Helen L. Cope, will be turned into the treasury of the high school music department.

**In Washington to Attend National D. A. R. Congress**—Mrs. Gulle W. Lefever, North Stratton street, left Saturday morning for Washington, D. C., to attend the national congress of the Daughters of the American Revolution, as a delegate from the local chapter.

Mrs. Lefever will visit her sister, Miss Clara Spangler, who will attend the convention as regent of the local chapter in the absence of Mrs. J. Paxton Bigham, who will be unable to be present.

**List of Guides Has Grown to 99**.—The list of guides licensed to conduct tourist parties over the Battlefield of Gettysburg during the year 1934 was given out at the office of William Storrick at the Federal building.

Ninety-nine guides, an increase of seven over 1933, and the largest number ever licensed, are included in the list.

There have been during the year six deaths and one removal among the guides. Those who died were Emory J. Plank, M. F. Williams, Sr., Edward Gilbert, Frank Hersh, Charles A. Plank and William H. De Groot. The removal was that of Otto J. Beyer, who enlisted in the aviation corps.

**Personal**—Mrs. S. S. Neely, Lincoln avenue, has returned from a month's visit with relatives in Pittsburgh.  
A daughter was born to Mr. and Mrs. Norman Irvin, West Middle Street, at the Warner hospital on Wednesday.  
Dr. and Mrs. Charles H. Drum moved Thursday into their new home on Broadway, which they purchased recently from P. W. Stallsmith.

**ALL OUTGOING, INCOMING MAIL IS "CENSORED"**

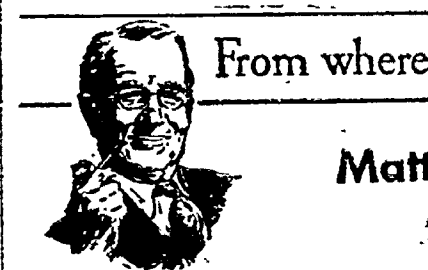

By JAMES MARLOW and GEORGE ZIELKE  
Washington, April 13 (AP)—To the old query—why does Uncle Sam censor wartime mail?—now is added the one word: How.

There's a row on over the government's handling of Miss Vivien Kellems' correspondence with a German Count in Argentina.

Rep. Coffee (D-Wash.) read on the door "excerpts" from a letter he said was written to a "Nazi agent," Count Karl von Zedlitz by Miss Kellems, Westport, Conn., war contractor.

Miss Kellems had made front pages only last January by announcing she had not paid her income tax and advising other contractors to follow suit. Later, however, she made a payment. Coffee said the letter to the count was "seditious."

Not Seditious  
Senator Reed (R-Kans.) leaped into the fray and said the letter might have been "mushy" but wasn't seditious and demanded to

**Matt Doorly Versus the Tomato**

Funny how some people rush off to extremes like that. They take a wholesome thing and overdo it till it disagrees with them—or maybe find they don't happen to like it—and then they want it banned for everybody.

From where I sit, folks ought to realize there's a middle ground in everything—a middle ground of moderation on the one hand... and tolerance for our neighbors on the other.

know how Coffee got the letter any way.

Reed indicated he might start a Senate investigation to find out. Byron Price, censorship director, said he'd like to find out, too. Reed said there was a "leak" some place. Price said someone had violated a "trust."

Price's office was created right after Pearl Harbor. For a brief period of organization it concentrated on "defensive" censoring, or keeping information from the enemy. All warring countries have censorship.

Soon it started to use censorship as a "weapon of offense," as Price recently pointed out in the Army-Navy Journal. This way:

The office's 12,000 employees censor mail and communications entering or leaving the country, except incoming military mail which is censored by the military abroad.

Censorship got together with 20 to 30 government agencies involved in the war—like the Army, Navy and FBI—and laid out a plan. Many letters which censorship handled would contain information helpful in winning the war if they were directed to the proper war agency.

A list of several hundred topics was drawn up, with the names of agencies interested in each topic set down opposite the item. Watch

list (people under suspicion here and abroad) also were arranged:

But—this is all Price's explanation—when a censor finds such an item of interest to a war agency, unless it requires instantaneous action, he does not send it off to the agency directly.

He relays it to a special censorship staff whose job is to decide whether excerpts of a letter—called "intercepts"—are to be sent to an interested government agency at all.

Price explains, naturally, such "intercepts" are not supposed to become public property.

# Acid Explodes And Kills One, Burns 3

**Philadelphia, April 13 (AP)—**One woman was killed and two other women and a man were burned to death when a pot of boiling acid exploded at the Barrett division of the Allied Chemical and Dye Corp. plant.

Mrs. Marie Zolmerek, 38, died at Frankford hospital without regaining consciousness. Mrs. Mary Ferst, 25, and Mrs. Charlotte Blazer, 32, suffered burns about the face and arms. All were plant employees.

A guard on duty at the plant, Walter Bunting, 62, was burned trying to rescue the women.

# Dewey Vetoes Bill To Curb Wine Sales

**Albany, N. Y., April 13 (AP)—**A bill which would have prohibited out-of-state sale of wines and liquors until July 1, 1945, was vetoed today by Governor Dewey on the ground it might produce "retaliatory" legislation by other states.

Dewey lauded the purpose of the bill which, he said, was to "assist in the enforcement of the federal allocations of liquor and wines in respective states and to have an additional instrument in the elimination of the black market in liquor and wines."

However, he stated, "its principle might well be extended in times of shortage to commodities other than alcoholic beverages and, in due time, were the courts to uphold it, this system of legislation could Balkanize the United States."

The federal constitution and federal system, he added, is based "upon the proposition that for purposes of trade and commerce, the nation is an inseparable unity."

# Infantry Adopts Old-Time Leg Man

**New York, April 13 (AP)—**The United States Infantry has adopted a valuable old adjunct of big city journalism—the "leg man."

A leg man is a newspaper reporter who chases around after the facts for news stories but does not writing himself. To facilitate speed he merely telephones his facts to a "rewrite man" in the newspaper office.

Time magazine said today 14 such leg men already had been dispatched to battlefronts by the Infantry, and that eventually every active division would have with it a leg man gathering facts of battle for transmission to civilian newsmen back of the lines.

The first contingent, members of a ground force news corps, are all experienced newspapermen. All but one have had combat training. While gathering news they will dig in and fight.

The Marine Corps also has combat correspondents, but these carry typewriters and write stories in moments of tranquility.

# May Buy Home And Furniture Together

**Harrisburg, April 13 (AP)—**A plan to make it possible for buyers of new homes to include both a house and new furnishings in one long-term mortgage has been advanced by the Post-War Planning Committee of the Pennsylvania Savings and Loan League.

"Plans for post-war homes at present include packaging or building of certain portions of rooms as units," explained John P. Rudisill, of Philadelphia, today. "This means that part of the furniture and virtually all of the home appliances, such as refrigerators, ovens and so forth, will in the future come with the home."

Rudisill announced the committee at its first session here yesterday also tentatively approved a post-war program calling for the use by savings and loan associations of Pennsylvania of their \$300,000,000 assets, in "a home construction program that will create jobs and ward off depression."

# Two Are Killed In Explosion Blaze

**Philadelphia, April 13 (AP)—**Two men were dead today and four were suffering critical burns as a result of a six-alarm fire which swept the Atlantic Refining Company's Point Breeze plant yesterday following an explosion.

The fire, believed to have been caused by the explosion of gasoline vapor during the cleaning of a still, destroyed the still and at least two 35,000-gallon tanks.

Patrick Toner, 58, operator of the still, and Jesse Green, 60, both of Philadelphia, died at Methodist hospital. Seriously injured were Daniel Quinn, 43, Joseph Nolan, 58, and Edward Hassan, all of Philadelphia, and Edwin Weiser, 43, of Glenolden, Pa.

# Skelton Wedding Mysteriously Off

**Hollywood, April 13 (AP)—**Richard "Red" Skelton, who has gagged his way through a number of who-dunits on the screen, was the co-star Tuesday of a mystery of his own—why did he and blond model Muriel Morris call off their proposed marriage?

The couple, both 30, took out a license to wed last Thursday, telling reporters they had decided on marriage an hour before. Skelton said they would wed "in a couple of days."

Monday Miss Morris said the wedding was off.

She told newsmen she intended to marry a "fabulously wealthy businessman in Mexico City." She described him as a rood-humored man.

## May Buy Home And Furniture Together

Harrisburg, April 13 (AP)—A plan to make it possible for buyers of new homes to include both a house and new furnishings in one long-term mortgage has been advanced by the Post-War Planning Committee of the Pennsylvania Savings and Loan League.

"Plans for post-war homes at present include packaging or building of certain portions of rooms as units," explained John P. Rudisill, of Philadelphia, today. "This means that part of the furniture and virtually all of the home appliances, such as refrigerators, ovens and so forth, will in the future come with the home."

Rudisill announced the committee at its first session here yesterday also tentatively approved a post-war program calling for the use by savings and loan associations of Pennsylvania of their \$300,000,000 assets, in "a home construction program that will create jobs and ward off depression."

## Two Are Killed In Explosion Blaze

Philadelphia, April 13 (AP)—Two men were dead today and four were suffering critical burns as a result of a six-alarm fire which swept the Atlantic Refining Company's Point Breeze plant yesterday following an explosion.

The fire, believed to have been caused by the explosion of gasoline vapor during the cleaning of a still, destroyed the still and at least 25,000-gallon tanks.

Patrick Toner, 58, operator of the still, and Jesse Green, 60, both of Philadelphia, died at Methodist hospital. Seriously injured were Daniel Quinn, 43, Joseph Nolan, 58, and Edward Hassan, all of Philadelphia, and Edwin Weiser, 43, of Glendolen, Pa.

## Skelton Wedding Mysteriously Off

Hollywood, April 13 (AP)—Richard "Red" Skelton, who has gagged his way through a number of who-dunnits on the screen, was the co-star Tuesday of a mystery of his own—why did he and blond model Muriel Morris call off their proposed marriage?

The couple, both 30, took out a license to wed last Thursday, telling reporters they had decided on marriage an hour before. Skelton said they would wed "in a couple of days."

Monday Miss Morris said the wedding was off.

She told newsmen she intended to marry a "fabulously wealthy businessman in Mexico City." She described him as a good-humored man.

## Grain And Corn Stocks Dwindle

Harrisburg, April 13 (AP)—Pennsylvania's farmers' grain and corn stocks were approximately 9,000,000 bushels less on April 1 than a year ago, the state Agriculture Department reported today.

The Federal-State Crop Reporting Service of the department said farmers' holdings of corn were only 14,000,000 bushels against slightly more than 19,000,000 bushels a year ago, while 3,224,000 bushels of wheat or 24 per cent of last year's crop were still on hand. Last year wheat holdings on April 1 totaled 23 per cent of the 1942 harvest.

Oats holdings totaled 5,356,000 bushels or 36 per cent of the 1943 crop compared with 9,364,000 bushels the previous April 1.

The department at the same time predicted the winter wheat harvest this year may run more than 3,500,000 bushels ahead of the 1943 crop due to an estimated 20 per cent increase in acreage seeded.

## Veterans Will Need Civilian Hospitals

Pittsburgh, April 13 (AP)—Because of a dearth of beds in veterans' hospitals, care and rehabilitation of veterans will also be a job for civilian hospitals. Dr. Donald C. Smelzer, president of the hospital association of Pennsylvania, said at the organization's second war conference yesterday.

"Civilian-hospitals will be asked to cooperate x x x and it is hoped that every hospital will do all in its power to make available every possible bed, if and when asked by the veterans bureau to do so," he said.

Dr. W. S. McEllory, dean of the University of Pittsburgh medical school, asserted that hospitals in wartime have fared well as compared to industry because "their purposes and functions remained unchanged whereas most industry has been converted."

## CONGRESS IS FACING THREE MAJOR ISSUES

By WILLIAM F. ARBOGAST  
Washington, April 13 (AP)—Congress opened a drive today to dispose of a group of major bills laid aside during the Easter recess.

While a record \$32,000,000,000 Navy appropriations bill had the right of way on the House floor, three committees pressed closely behind with measures dealing with lend-lease, extension of the price control program, and settlement of terminated war contracts. A fourth started a review of post-war employment prospects.

Chairman Cannon (D-Mo) of the appropriations committee predicted passage of the huge 1944-1945 naval supply bill by nightfall.

Slated to follow the Navy bill to the floor is legislation to extend the lend-lease program another year beyond June 30, and Chairman Sabath (D-Ill) called a meeting of the rules committee to determine procedure.

War Contracts Issue  
The House Banking Committee continued hearing, on legislation to extend the price control act beyond its current expiration date, next June 30, and called Chester A. Bowles, OPA chief, to give his views.

The matter of contract termination, and the method of making settlements with thousands of war contractors continued to occupy the naval committee with indications a bill might be ready next week.

Post-war employment came up at a hearing called by Chairman Colmer (D-Miss) of the special committee on post-war economic planning with William Batt, chairman of the National Planning Association as the first witness.

Colmer announced that other witnesses would include William Green, head of the AFL, on April 17; Philip Murray, CIO president; F. C. Crawford, chairman of the board of the National Association of Manu-

Chairman Cannon (D-Mo) of the appropriations committee predicted passage of the huge 1944-1945 naval supply bill by nightfall.

Slated to follow the Navy bill to the floor is legislation to extend the lend-lease program another year beyond June 30, and Chairman Sabath (D-Ill) called a meeting of the rules committee to determine procedure.

**War Contracts Issue**

The House Banking Committee continued hearings on legislation to extend the price control act beyond its current expiration date, next June 30, and called Chester A. Bowles, OPA chief, to give his views.

The matter of contract termination, and the method of making settlements with thousands of war contractors continued to occupy the naval committee with indications a bill might be ready next week.

Post-war employment came up at a hearing called by Chairman Colmer (D-Miss) of the special committee on post-war economic planning with William Batt, chairman of the National Planning Association as the first witness.

Colmer announced that other witnesses would include William Green, head of the AFL, on April 17; Philip Murray, CIO president; P. C. Crawford, chairman of the board of the National Association of Manu-

**Residents Of The Town In 1840—Fire Company**

The corporation required every man to become a member of the fire company and all were enrolled one Saturday during the summer months. The engine was brought out and the meeting was held at the street pump. The clerk would mount the engine and call the names of the fire company with each man answering to his name. Those absent would be fined.

The engine was inspected and tried by pumping water from the well, then returned to the engine house. This meeting was at 2 o'clock; all was over in an hour.

Pearson.** There were 141 enrolled in the company.

**Nickum And The Devil**

More than 100 years ago John Nickum was passing through his lot one moonlight night and was attacked by a vicious dog of his neighbor, John Fisher; he backed further and further until he found a club with which he killed the dog. He put the dog across his shoulders, holding it astride his neck and holding the feet on each side to carry it to the run, as he did not wish anyone to know that he had killed the beast. When he arrived at the Lutheran church a black man came up the lane. When he saw this object he ran at break-neck speed. Next morning the negro reported he had seen the devil, describing it. The town was excited over this episode until Nickum told the whole story.

**Corporation Of Emmitsburg**

There is no doubt that when the town was laid out in lots, the citizens lived in peace. The rustic age of

the beginnings of the town did not require the corporate laws that the later and more expansive age did.

In 1808 the plot of the town made by Andrew Smith gives three trustees as the governing body. They were Frederick Gelwick, Lewis Motter and Samuel Noble. This mode of government continued until the first charter was obtained in the year 1825, when a burgess was elected and a new system inaugurated. The oldest record from which information is obtainable concerning the later government of the community is dated 1840. A second act passed by the Maryland Assembly in 1843, gave powers not included in the 1840 act. The burgess' books prior to 1840 are not to be found, hence all is blank prior to that date.

**More Officials**

The commissioners in 1840 were Joseph Welty, Henry Rickenbaugh, John Zimmerman, Jeremiah Pittenger, Zacharias John, William Mooney. In 1841 the burgess was W. B. Pittenger, and the commissioners were Henry Rickenbaugh, James Storm, Joseph Welty, Frederick Gelwick, John Zimmerman and Joshua Shorb. In 1842 the burgess was John Zimmerman with James Storm, Joshua Shorb, Dr.

Augustus Taney, Michael Helman and James Hospelhorn as commissioners. In 1843 the records read: burgess, John Zimmerman; commissioners, Isaac Baugher, George Sheets, Andrew Eyster, Joshua Shorb, John Miller and Dr. J. W. Eichelberger.

The burgess in 1849 was J. E. Pearson with J. W. Baugher, Joseph Moritz, Alfred Jones, Samuel Troxell, William Mooney and John Miller as commissioners.

In 1850 Jacob S. Gelwick was burgess and J. W. Baugher, Isaac E. Pearson, Jacob Sheets, William Mooney and Samuel Motter as commissioners.

**List Of Burgesses**

The clerk and treasurer were elected by the commissioners from amongst the townspeople. He could not be a member of the commission. The salary of the burgess was \$7; salary of clerk, \$7; salary of collector of taxes, \$10 and constables' salary, \$10.

A list of burgesses, made up in 1906, and which was incomplete, ran as follows: William B. Pittenger, 1841; John Zimmerman, 1842, 1843; Isaac E. Pearson, 1847; Jacob S. Gelwick, 1850; M. C. Adelsberger, 1854; Patrick Kelly, 1858-1859; An-

on the street drunk, and committing conduct unbecoming a civilized town. The public was powerless to stop it. Now arrests were made, men fined indiscriminately until the spirit of rowdism was quelled. The burgess was sustained by an honorable body of commissioners who inaugurated a clean up club and fined the people who permitted a nuisance. The streets received their first attention towards their present good condition.

(To Be Continued)

The first life boats were designed at the end of the 18th century.

# INTERNATIONAL POLICE FORCE IS ABANDONED

By TOM REEDY AND JOHN M. HIGHTOWER

Washington, April 13 (AP)—New slants on the role congress should play in writing the peace and on how it should be enforced emerged today from the state department and the house where postwar topics are gaining increasing attention.

Chairman Bloom (D-NY) of the House Foreign Affairs Committee advocated a constitutional amendment to transfer both the House and the senate could ratify the peace treaty by a simple majority vote. New a two-thirds majority in the senate is required and the treaty of Versailles failed to get that.

Congressional Opinion  
At the same time it was disclosed that state department studies on world security organizations have advanced to a point where this government is about ready to offer specific proposals. The plan, it is understood, rules out any kind of international police force built by recruits from many nations. Instead it calls for half a dozen or more of the major nations to maintain forces big enough to deal with potential trouble-makers.

This new concept of how the

peace should be enforced is to be placed before informal bi-partisan groups of the house and senate for their opinions.

The state department has been meeting with members of both branches for some time. Secretary Hull told Speaker Rayburn yesterday he is anxious to continue the conferences.

How the administration feels about Bloom's plan isn't known. The chairman frequently voices state department views, however, on matters of foreign policy.

Bloom's plan in this case may be entirely independent. He has said that personally, he feels the house should have some say about the peace when it has quite a lot to say about financing the war. The senate may have different ideas.

The state department's concept of peace enforcement was made known officially in general terms by Eckenridge Long, assistant secretary, in a speech in New York last night.

Basic Points  
Long's statement was viewed here as having great importance because the problem of the maintenance and use of force to maintain peace is regarded as the No. 1 problem of postwar security. Long cited these points as basic to post-war organization:

1. Creation of an international organization to preserve peace by settling international controversies, using force when necessary to prevent the outbreak of a major war.
  2. The major nations should pledge themselves not to use force against each other or any other nations—except in accordance with the arrangements of the international organization.
- "Each of the major nations," Long said, "and any other nations to be agreed upon, should accept special responsibility for maintaining adequate forces and for using such forces, on the basis of arrangements made in connection with the international organization, to prevent or suppress all disturbances of the peace."

# BACKERS OF 3 CANDIDATES ARE FRETTING

Washington, April 13 (AP)—With the rumble of a Dewey bandwagon movement sounding in their ears, supporters of three other potential Republican presidential candidates tightened their lines today against a possible draft from their favorites.

The demonstrated ability of New York's Gov. Thomas E. Dewey to attract convention delegates while maintaining his public position that he is not a candidate caused some worry among the leaders of campaigns being conducted for Gov. John W. Bricker of Ohio, Lieut. Comdr Harold E. Stassen and Gen. Douglas MacArthur.

## Divided Opinion

Despite the strong showings made by MacArthur in the Illinois preferential primary and Stassen in Nebraska, there are signs of a division of opinion among their backers as to the advisability of continuing the race.

Some of those who were instrumental in putting MacArthur's name before the voters, despite the southwest Pacific commander's silence on political matters, are known to have reached the conclusion that Wendell L. Wilkie's withdrawal from the contest ended hopes for a deadlocked convention which would afford the best chance for the general's nomination.

While those now believe it might be better to swing to Dewey as the leading candidate, there appeared no likelihood that the MacArthur for-President organization headed by Joe Savage of Chicago holds any idea of quitting, particularly in view of the general's popular vote showing in the Illinois primary Tuesday.

## May Compromise

The same sort of stand has been taken by Senator Ball (R-Minn.) in announcing an expansion of the Stassen campaign, which previously had been localized in Minnesota, Wisconsin and Nebraska. Ball's announcement came on the heels of reports that some of the Stassen backers wanted to throw in the sponge.

There are no such signs of a cleavage in the Bricker camp but there have been reports that the Ohio Governor, who is the only candidate openly campaigning for himself, might be satisfied with a vice presidential nomination.

## Chapter 22

Jean Cortot, the concierge of the Bellevue Apartments on the Rue du Vaugirard, had settled himself at the entrance of the building, with the morning paper. He was a wizened, elderly man with a crafty expression and straggling grey hair that partially covered his baldness. Short of temper and overly curious as to affairs of tenants in the apartment house, he was regarded with dislike by its occupants who suspected him of Fascist tendencies.

On the forenoon it was his custom to read the paper and indulge in a brief nap if circumstances permitted. From this drowsy state he was suddenly aroused by the heavy measured footsteps of a man in Nazi uniform. Instantly Cortot was on his feet, alert and bowing.

Through the window of the office he recognized the man at once as the military chauffeur of the Nazi Kapitän who had recently called for Mlle. Girard.

The man motioned Cortot to come out and speak to him. The concierge noticed he carried a small package wrapped neatly in tissue paper. Peering at the powerfully built German through his spectacles he said slyly as he approached him, "Can I do anything for you, Monsieur?"

"This is for Mademoiselle Girard," the chauffeur thrust the package into Cortot's hands. "Kindly give it to her as soon as

she returns this afternoon."

"Mon Dieu!" exclaimed the concierge. "I'm afraid that will not be possible. This I understand, if from Kapitän Von Egert?"

The Nazi bowed stiffly.

"Then he has evidently not been informed that Mlle. Girard was arrested this morning by the Gestapo just as she was leaving the house. I myself witnessed it." A tinge of self importance had come into the concierge's voice.

"Arrested!" exclaimed the chauffeur. "That is strange. The Herr Kapitän is unaware of it. There must be some mistake. Possibly Mademoiselle may not be detained long."

Cortot uttered a grunt that seemed to express both skepticism and a certain satisfaction. "The Gestapo is not apt to make mistakes," he retorted. "But I will keep this for Mademoiselle in case she returns. If not I will return it to Kapitän Von Egert."

The chauffeur lost no time in returning to Von Egert in his office. Von Egert paused in dictating a letter.

"You delivered it safely?" he demanded.

"Yes, Herr Kapitän, but when you are disengaged, I have some information that may interest you."

"That will be all for now, Right?" Von Egert said curtly to his secretary.

Von Egert turned. "Now what is it?"

The chauffeur briefly narrated the facts supplied by Cortot. He had expected his master to be disturbed, but was hardly prepared for the fire of anger that came into Von Egert's eyes.

"So," he muttered half beneath his breath, "what I feared has come. That will do. You may go."

The man clicked his heels, saluted and left the room. Von Egert clenched his hands and began to pace the room. He had felt from the first that Schafer had intended to trap Adrienne, and that any attention he had shown her had been planned with that in view. There must be some way he could stop Heinrich Schafer.

Suddenly an idea came to him. He recalled a promise made by his chief, General Wolfram von Richthofen, whose life he had saved when serving under him as aide-de-camp during the fighting in Belgium prior to the invasion of France. He remembered killing two Belgian soldiers who had made an attack on the General's life at Namur as he was leaving his car to enter the town hall.

In gratitude von Richthofen had promised him any favor he should ask that was within his power to grant.

Von Egert knew von Richthofen was on good terms with General Von Stulpnagel, Commander of the German Army of Occupation in

France, who had taken up his quarters at the Hotel Crillon, and that it might be possible for him to procure from Von Stulpnagel an order for Adrienne's release. With-out delay he left his office and went to that of his superior.

After a short interval of waiting in the ante room, his name was announced and he was ushered by an aide-de-camp into the presence of the Kommandant.

"Good morning, Kapitän Von Egert," von Richthofen looked up from some papers on his desk in some surprise, as Von Egert stood stiffly at attention and saluted. "It's some time since I've seen you. What can I do for you?"

"Good morning, sir. I will be frank, Herr Kommandant. There is a favor I would like to ask of you."

"Then out with it, Herr Kapitän. I have not forgotten my promise."

"It concerns the freedom of a young woman in whom I am interested, Herr Kommandant. She is at present being held in custody most unjustly by the Gestapo."

"Ach, that is bad," returned von Richthofen. "Who is this young woman, may I ask? I take it she is French."

Von Egert nodded. "Yes, Herr Kommandant. She is quite innocent of any offense, but has been unlucky enough to fall into the trap set for her by Herr Schafer."

"Ach, then she is acquainted with Herr Schafer? How, may I inquire?"

"Because he frequents the cafe where she is employed. But believe me, Herr Kommandant, she is no ordinary girl and is not only beautiful but well educated and cultured."

"See this girl has made a seri-

ous impression on you, Herr Kapitän. You are young and inexperienced in regard to women and must safeguard yourself against the wiles of these French girls. However, if you give me her name and any information you have concerning her, I will see what can be done."

"Possibly if you spoke to General Von Stulpnagel, sir, he might do something."

"That is a possibility I have not overlooked. Leave it to me, Herr Kapitän, and I will do my best, though I can promise you nothing. It will depend on what

## BACKERS OF 3 CANDIDATES ARE FRETTING

Washington, April 13 (AP)—With the rumble of a Dewey bandwagon movement sounding in their ears, supporters of three other potential Republican presidential candidates tightened their lines today against a possible draft away from their favorites.

The demonstrated ability of New York's Gov. Thomas E. Dewey to attract convention delegates while maintaining his public position that he is not a candidate caused some worry among the leaders of campaigns being conducted for Gov. John W. Bricker of Ohio, Lieut. Comdr Harold E. Stassen and Gen. Douglas MacArthur.

**Divided Opinion**  
Despite the strong showings made by MacArthur in the Illinois pre-ferential primary and Stassen in Nebraska, there are signs of a division of opinion among their backers as to the advisability of continuing the race.

Some of those who were instrumental in putting MacArthur's name before the voters, despite the southwest Pacific commander's silence on political matters, are known to have reached the conclusion that Wendell L. Wilkie's withdrawal from the contest ended hopes for a deadlocked convention which would afford the best chance for the general's nomination.

While those now believe it might be better to swing to Dewey as the leading candidate, there appeared no likelihood that the MacArthur for-President organization headed by Joe Savage of Chicago holds any idea of quitting, particularly in view of the general's popular vote showing in the Illinois primary Tuesday.

**May Compromise**  
The same sort of stand has been taken by Senator Ball (R-Minn.) in announcing an expansion of the Stassen campaign, which previously had been localized in Minnesota, Wisconsin and Nebraska. Ball's announcement came on the heels of reports that some of the Stassen backers wanted to throw in the sponge.

There are no such signs of a cleavage in the Bricker camp but there have been reports that the Ohio Governor, who is the only candidate openly campaigning for himself, might be satisfied with a vice presidential nomination.

CREW SAVED BY  
HEROIC EFFORTS  
OF BOMBARDIER

A U. S. Bomber Base, England, April 13 (AP) — A freak accident that left six live bombs tumbling around loose in the bomb bay made a hero out of Lt. James W. Murray, 22, a Fortress bombardier from Brooklyn, on his first mission.

He risked his life to tame the wild explosives with the aid of a Leighton, Pa., gunner and save the crew of 10. He probably prevented the plane from blowing up.

A burst of flak had hit the bottom of the plane as it was unloading bombs on a German airfield and snapped the bomb bay doors shut before six bombs—all fused—fell out. The crew wasn't aware anything was wrong until the radio operator called over the interphone that "something that looks like a bomb" was dancing around on the catwalk.

Safety Discs Off  
"I went back and saw the bomb on the catwalk and five others spread all over the bomb bay floor," Murray said. "Flak had damaged the electrical system controlling the doors and they couldn't be completely opened or shut. The bombs had come off the racks but they couldn't get out."

A rush of air through a four-inch crack had unwound the arming vane of one bomb, causing the automatic spring action to throw out the safety discs—a process which ordinarily takes place as the bomb is hurtling down toward the target. Thinking quickly, Murray, who now was aided by Sgt. Guy A. Bowman, 24, Leighton, Pa., waistgunner, inserted his fingers between the striker and body of the nose fuse to prevent the former from hitting the primer.

Four Bombs Bouncing  
He had to work fast for the same thing could happen to the other bombs—two of which already were balanced precariously on top of two others. If the air current blew out the safety discs the slightest impact might cause them to go off.

"I had only a small walk-around oxygen bottle, and after about 25 drags of air I'd start gasping and would have to leave the bombs to replenish the supply," Murray related.

"So I told the pilot (Lt. William Brinkmeier, St. Petersburg, Fla.) we'd have to go down lower so I could work without oxygen."

As the plane descended Murray said he "held onto the tail fin of one bomb for dear life so it wouldn't hit anything and blow us all to kingdom come."

"The way those four bombs were bouncing together I thought any minute something was going to happen," he admitted.

WAITERS HUNT  
RICH TIPPER

New York, April 13 (AP)—Many New York waiters and waitresses rather hoped a mysterious man known only as "the hungry Spaniard" would drop around for a little snack today.

First he showed up at Eddie Davis' lunch wagon on Third Avenue. The famished stranger ate clam chowder, hamburger, baked ham, beefs, three big helpings of mashed potatoes, toast, and two cups of coffee.

Under his plate he left a \$100 tip for Eddie.

Eddie said it was hard to understand the man's mixture of Spanish and broken English, but "the impression I got was that this guy had been going in and out of eateries for days, trying to buy a meal."

Next the man went into a chain restaurant, ate 55 cents worth, gave a surprised cashier \$120 and insisted he keep the change.

Then he entered a third place, got a sandwich and soft drink, and "he pulled out a bank roll as big as a house," reported the manager Sidney Soshnick, "and tried to give everybody a \$100 bill."

Soshnick said he wouldn't let anyone take the money.

Mrs. Glenn Polley moved from the D. H. Neely property to the one vacated by the Herrmanns.

## CREW SAVED BY HEROIC EFFORTS OF BOMBARDIER

A U. S. Bomber Base, England, April 12 (AP) — A freak accident that left six live bombs tumbling around loose in the bomb bay made a hero out of Lt. James W. Murray, 22, a Fortress bombardier from Brooklyn, on his first mission.

He risked his life to tame the wild explosives with the aid of a Leighton, Pa., gunner and save the crew of 10. He probably prevented the plane from blowing up.

A burst of flak had hit the bottom of the plane as it was unloading bombs on a German airfield and snapped the bomb bay doors shut before six bombs—all fused—fell out. The crew wasn't aware anything was wrong until the radio operator called over the interphone that "something that looks like a bomb" was dancing around on the catwalk.

**Safety Discs Off**  
"I went back and saw the bomb on the catwalk and five others spread all over the bomb bay floor," Murray said. "Flak had damaged the electrical system controlling the doors and they couldn't be completely opened or shut. The bombs had come off the racks but they couldn't get out."

A rush of air through a four-inch crack had unwound the arming vane of one bomb, causing the automatic spring action to throw out the safety discs—a process which ordinarily takes place as the bomb is hurtling down toward the target.

Thinking quickly, Murray, who now was aided by Sgt. Guy A. Bowman, 24, Leighton, Pa., waistgunner, inserted his fingers between the striker and body of the nose fuse to prevent the former from hitting the primer.

**Four Bombs Bouncing**  
He had to work fast for the same thing could happen to the other bombs—two of which already were balanced precariously on top of two others. If the air current blew out the safety discs the slightest impact might cause them to go off.

"I had only a small walk-around oxygen bottle, and after about 25 drags of air I'd start gasping and would have to leave the bombs to replenish the supply," Murray related.

"So I told the pilot (Lt. William Brinkmeier, St. Petersburg, Fla.) we'd have to go down lower so I could work without oxygen."

As the plane descended Murray said he "held onto the tail fin of one bomb for dear life so it wouldn't hit anything and blow us all to kingdom come."

"The way those four bombs were bouncing together I thought any minute something was going to happen," he admitted.
